This year, get a jump on your degree during summer vacation. Located just 15 minutes from the ocean, Hofstra University is the right place for you to make the most of your summer. Whether you’re part of the Pride or home for vacation, the hundreds of courses offered during summer session give you the opportunity to take a few classes and take some time to enjoy the warm weather. Air-conditioned classrooms, several scheduling options, and a great location give you all the reason you need to choose Hofstra this summer.

photography, writing, marketing, and more!

The unique topics you want to explore. The traditional classes you need to get ahead. Summer sessions at Hofstra offer the courses you are looking for. A wide range of classes from all areas - including liberal arts and sciences, business, education, health services, and communication - give you the opportunity to earn the credits you need for a degree and discover new interests, like popular culture and literature, stars and galaxies or health studies. Unique learning experiences, such as summer writing courses and intensive language courses, provide you with an exciting way to take advantage of the summer months.

go further and farther

Turn the world into your classroom. Study abroad during summer sessions at Hofstra with programs across the world, including Africa, Germany, China, France, Sorrento, and more. An immersive experience in a foreign country mixes education and fun, as you learn about other cultures and earn credits toward your degree, while exploring another land and meeting new people. International internships with a variety of educational and non-profit organizations offer additional opportunities for new experiences. Study abroad programs last about one month and count for six semester hours, making it an exceptional way to spend part of your vacation.
the resources you want

Enrolling in a summer session course gives you more than just the classroom experience. As a student at Hofstra, you have a wealth of resources and services available to you. The extensive collections of the Hofstra University Libraries, open-access computer labs and The Career Center are all open to you during the summer. When you’re not studying, Hofstra’s David S. Mack Fitness Center and Swim Center give you the chance to exercise or cool off in the pool. Campus can even be your vacation home-away-from-home, offering housing and dining facilities, trips and events. There’s no off-season when it comes to student life at Hofstra.

lifelong learning

Graduate schools look for the right educational background in student applications. You can get there with courses offered by Hofstra’s Premedical/Prehealth Studies and Prelaw programs during the summer sessions. Hofstra’s Credit Certificate Programs are perfect for college graduates looking to advance or change careers. A variety of options allows you to find a program that fits your needs.

beat the heat ...

get ahead

Take advantage of your summer break and earn a few credits at Hofstra University. Unique classes, study abroad opportunities and wonderful resources, all just minutes from a nice spot on the beach. It’s the best way to give yourself a real edge.
This summer, turn the world into your classroom. Immerse yourself in Italian culture; learn business practices firsthand in China or the Netherlands; find yourself on the coast of Ireland; learn to speak Spanish like a Spaniard; and so much more.

An international experience benefits students by offering a global outlook that emphasizes the ties among nations and cultures. In addition, it enhances career preparation by teaching valuable cross-cultural and workplace skills that are extremely critical to employers in building their workforce. Study abroad can be fun and educational. Much of the experience comes from coping with the challenges of, and learning to adapt to, a foreign environment. Living in another country fosters patience, changes perspective, develops maturity and self-confidence, and enhances understanding of our complex world. A carefully chosen overseas study program can contribute not only to academic and personal growth, but to career goals as well.

JAPAN

July 3-August 4, 2013

Discover Japan through a four-week study abroad program. Let’s visit Japan and learn about the tenacity, community and power of the Japanese people who overcame numerous devastating experiences. Tokyo Future University’s dormitory will be our home for three weeks in Tokyo. Then we will embark on a 10-day trip to west and northeast Japan.

The following courses are offered: ASST 021, 150A; PSC 145; JPAN 001Z; and MGT 171.

Participants in the Hofstra in Japan Program pay a program fee in addition to Hofstra tuition and fees for three or six undergraduate credits.

For further information about the program, please contact Dr. Takashi Kanatsu at 516-463-5602 or Takashi.Kanatsu@hofstra.edu.

CHINA

May 20-June 18, 2013

The Hofstra in China 2013 program will establish its base in Shanghai. The program will take place at East China Normal University, which boasts the most beautiful campus in Shanghai. While taking courses in Chinese language, culture and literature, students will have the opportunity to participate in a variety of cultural excursions. A two-and-a-half-day visit to Beijing constitutes a final highlight of the program.

Course offerings include: ASST 011, LIT 087, and beginning, intermediate and advanced Chinese language classes. Students can take either three or six credits.

Participants in the Hofstra in China Program pay a program fee in addition to Hofstra tuition and fees for three to six undergraduate credits.

For further information about the program, please contact Dr. Zuyan Zhou at 516-463-5438 or Zuyan.Zhou@hofstra.edu.
At Hofstra University, we pride ourselves on the diverse selection of study abroad programs available. Whether students choose to study abroad to enhance the level of a specific language or culture or to expand the knowledge of a specific concentration, they can find an appropriate program. Hofstra offers various program lengths, from one semester to a full year, or during the winter or summer sessions.

Students who would like to learn more about study abroad options are requested to visit the Office of Study Abroad Programs, 107 Roosevelt Hall, or contact Maria Fixell, assistant dean for study abroad programs, at 516-463-4765 or Maria.L.Fixell@hofstra.edu.

**BERLIN**

The city of Berlin – with all its culture, history and vibrant city and economic life – is the setting for this three-week study abroad experience, offered by the Department of Comparative Literature and Languages at Hofstra University.

**Course offering:** CLL 151.

Participants in the Hofstra in Berlin Program pay a program fee in addition to standard Hofstra tuition and fees for three undergraduate credits.

For further information about the program, please contact the program director, Dr. Gregory Kershner, at 516-463-5434 or Gregory.Kershner@hofstra.edu.

**SPAIN**

The 2013 Hofstra Summer Program in Spain will be based in Santiago de Compostela, a UNESCO World Heritage City in the northwest of the country. Santiago is an exceptionally beautiful city; its medieval and Renaissance streets and architecture are enchanting.

The University of Santiago de Compostela, where classes will be held, is more than 500 years old, and enjoys an outstanding tradition of learning. With its ancient buildings, archives, libraries, and courtyards, the campus is extremely attractive; it is fully equipped with modern facilities and technologies.

**The following courses are offered:** SPAN 001-005, 109, 120, 180; HIST 020, 177C; and LEGL 121.

Participants in the Hofstra in Spain Program pay a program fee in addition to Hofstra tuition and fees for three or six undergraduate credits.

For further information about the program, please contact Dr. Simon Doubleday at 516-463-5020 or Simon.R.Doubleday@hofstra.edu.
Hofstra’s five-week summer program in Sorrento, a seaside resort town in southern Italy, provides students with the opportunity to study Italian culture and language in a full immersion environment. Sorrento is world renowned for its dramatic rock beaches, refined cafes, elegant shops, centuries-old artisan workshops, an international cinema festival, a summer jazz festival, and its convenient proximity to the posh island retreats of Capri and Ischia, the archaeological sites of Pompeii and Herculaneum, the picturesque seaside town of Positano, and the breathtaking costiera amalfitana.

While in Sorrento, students live in double rooms, shared apartments with fully equipped kitchen, or may elect to live with host families carefully chosen by the staff of our host school in Sorrento. Host family arrangements include breakfast and dinner every day.

The following ITAL courses are offered: ITAL 001 and/or 002, 003 and/or 004, 105, 110, 170 A-Z; ITLT 042; and ITST 141.

Participants in the Hofstra in Sorrento Program will pay a program fee in addition to Hofstra tuition and fees for six undergraduate credits.

For further information about the program, please contact Dr. Gregory Pell at 516-463-5437 or Gregory.M.Pell@hofstra.edu.

The 2013 Hofstra in Africa: Namibia Program offers a course in Namibia during Summer Session II. Class sessions are on Hofstra’s campus on Thursday, June 27, and Monday, July 1, to prepare students for the Namibia study abroad portion of the trip, which will begin on July 2 and run until July 25. Namibia, located on the southwestern coast of Africa, has been the center of some of the most important issues in cultural survival in the last 100 years.

Courses offered: ANTH 188C.

Program participants in the Hofstra in Africa: Namibia Program pay a program fee in addition to Hofstra tuition and fees for three credits.

For further information about the program, please contact the program co-directors: Professor Anne Buddenhagen at 516-463-2423 or Professor Cheryl Mwaria at 516-463-5589.
IRELAND

Spend four weeks in Ireland with us. We begin with three weeks on Galway’s breathtaking Atlantic coast, at the National University of Ireland Galway. We then go northwest, to the misty mountains and expansive beaches of Donegal, and Malin Head, Ireland’s most northerly point. We’ll be in Killybegs, Ireland’s largest fishing village, to admire the vessels and visit with some local friends and Hofstra family. Our trip finishes in Belfast, by way of the Giants Causeway, a geological phenomenon of about 40,000 interlocking columns – a truly unique site, full of myths and legends.

Course offerings: IRE 163; ENGL 123; and GAEL 001.

Participants in the Hofstra in Ireland Program pay a program fee in addition to Hofstra tuition and fees for three or six undergraduate credits.

For further information about the program, please contact the program director, Professor Patricia Navarra, at 516-463-0234 or Patricia.C.Navarra@hofstra.edu.

FRANCE

June 27-August 1-2013

The Hofstra in Paris Program offers the unique opportunity to earn academic credits in French language and literature as well as public relations while experiencing the artistic and literary richness of Paris and the beauty of the French Riviera.

The following French courses are offered: FREN 001-004, 109, 110, and 142.

The following courses are offered in English: FRLT 043; RLLT 102; PR 103; and PR 180C.

Participants in the Hofstra in Paris Program pay a program fee in addition to Hofstra tuition and fees for six undergraduate credits.

For further information about the program, please contact the program director: Dr. Sabine Loucif, at 516-463-6572 or Sabine.Loucif@hofstra.edu.
The Zarb School of Business, in cooperation with the College of Liberal Arts and Science’s Department of History, offers a unique opportunity to earn academic credit for courses taught in English by Hofstra University faculty as well as language courses taught in Spanish by faculty from the University of Santiago de Compostela, Spain. Courses taught in English include L EGL 121 (explores salient legal issues faced by small business owners and entrepreneurs and integrates comparative issues involving EU and Spanish law), as well as H IST 020 and H IST 177C (Galician history, from its Celtic origins, through the story of medieval pilgrimage, to its modern resurgence and reinvention in the 21st century). Courses taught in Spanish include: SPAN 001 or 002; SPAN 003 or 004; SPAN 005; SPAN 109; SPAN 120 (relevant historical, political and cultural movements from the 1920s to the present); and SPAN 180 (emphasis on the literature of Galicia, the most Atlantic region of Spain, its connections with the Americas and the history of migration).

Students will typically choose from two of the courses offered and will spend two days in Madrid, two days in Portugal and will attend classes at Santiago de Compostela, a World Heritage City, in a university that has enjoyed an outstanding tradition of learning since the Middle Ages. Courses meet Monday through Thursday. The program is available to all undergraduate and graduate students, regardless of their major.

For further information about the program, please contact Professor Victor D. Lopez, Department of Accounting, Taxation and Legal Studies in Business, 031 Weller Hall, at 516-463-6174 or Victor.Lopez@hofstra.edu. You may also contact Dr. Simon Doubleday at 516-463-5020 or Simon.R.Doubleday@hofstra.edu.

The Zarb School’s program in China offers Hofstra business students the opportunity to integrate their knowledge about international business/marketing gained in classrooms by exposing them to real-life business environment in China. Through field experiences, students gain valuable experiential insights and perspectives that enhance and supplement their learning at Hofstra University. Students take MKT 170/MKT 220 and/or IB 207 in two stages: they attend three weeks of classes on campus where they learn about international marketing, and then they travel to China to experience the subject firsthand and attend more lectures at the University of International Business and Economics in Beijing. Students will visit businesses and learn about business practices in China. Local scholars and company personnel will give guest lectures to expose students to the local environment. For further information about Zarb School in China, please contact Dr. Yong Zhang, Department of Marketing and International Business, 127 Weller Hall, 516-463-5713 or Yong.Zhang@hofstra.edu.
The Zarb School of Business offers students the opportunity to travel to The Netherlands to take classes either on a full-time basis during a regular semester or on a part-time basis during the summer at the University of Amsterdam. Students from the University of Amsterdam also benefit from this exchange program and may take courses at Hofstra. For more information about the School of Business’ exchange program with the University of Amsterdam, please call Ms. Gioia Bales, assistant dean, Third Floor Weller Hall, at 516-463-5703.

Hofstra’s Exchange Program
With the Erasmus University

The Zarb School of Business, in cooperation with Erasmus University, offers an exchange program for graduate students majoring in finance. Under advisement, Zarb School students may register for courses offered as part of the Master in Financial Management program at Erasmus University, and Erasmus students may register for courses in the Master of Science in Quantitative Finance program and other graduate finance courses at Hofstra. For further information about Hofstra’s exchange program with Erasmus University, please contact the Department of Finance, 221 Weller Hall, 516-463-5698 or MSQF@hofstra.edu.

SCO in Rome! is the School of Communication’s first ongoing study abroad program. Now in its second year, it brings together students and faculty from multiple departments within the School and offers the opportunity to experience international media and culture in unique ways.

The four-week program exposes students to one of the most vibrant cities in the world. Rome, the media as well as geographic center of Italy, has a rich heritage of communication in all forms to complement its breathtaking arts, architecture, culture, history, and dolce vita.

Students stay in modern dormitory facilities in the wonderful Prati section near Vatican City and a number of other major attractions. Twice weekly tours of communication organizations and cultural attractions include Cinecittà (“Cinema City,” Italy’s version of Hollywood), the major ruins and museums, and the Vatican. A four-night weekend excursion to the Amalfi Coast (based in Sorrento) is included in the program.

Two courses are offered – RTVF 065 and JRNL 180V.

Participants in the SCO in Rome! program pay a program fee in addition to standard Hofstra tuition and fees. Participants are required to take three credits. For further information, please contact the program director, Randy Hillebrand, at Randal.K.Hillebrand@hofstra.edu or 516-463-5205.
Introductions to Digital Photo, 3 s.h.
This is an introductory-level course to the aesthetics and techniques of digital photography. This course will cover the basics of digital cameras including shutter, F-stops and depth of field, metering, etc. It is also an introduction to Adobe Photoshop and digital printing. Students will shoot using digital cameras, manipulate their imagery in Photoshop and make inkjet prints in the computer lab. p34

Introduction to Ethics, 3 s.h.
This course focuses on critical reasoning about ethics. The course reviews major approaches to ethical values and examines the bases for why some conduct (like killing, deceit, fraud) is wrong, and why some things (like freedom, fairness, compassion) are valuable. The course also examines the relationship between ethics and society, with focus on contemporary issues such as: corporate social responsibility, professional codes of ethics, responsibilities to the environment, or other similar topics. Students learn to reason critically about ethics through exercises and writing essays about ethical issues. p47

(LT) How the Simpsons Saved American Literature, 3 s.h.
This course examines ways that early Christian The Simpsons have explored, adapted and parodied many pieces of American literature. The works studied (Huckleberry Finn, Citizen Kane, Who’s Afraid of Virginia Woolf, The Music Man, Wise guy, Goodfellas, and The Natural, among others) examine the following themes in American literature: the roles of men and women, family values, heroes and role models, American ingenuity, the underdog and the outlaw, and success. Prerequisite(s)/Course Notes: WSC 1. (Formerly 192C.) p32

Introduction to Buddhism, 3 s.h.
This course is an introduction to the wide range of Buddhist ideas and practices that have developed within the diverse regions of Asia, with focus on southern Asia. This course will also introduce students to the various Buddhist literary and artistic expressions. The course covers a wide range of Buddhist traditions (Theravada, Mahayana, Vajrayana), as well as a discussion of Buddhism’s transfer from Asia to the West. p52

(IS) Special Topics: How Gay Is That?, 3 s.h.
The way in which a media event can be perceived as gay depends as much on who is viewing it as on what it contains, what group it targets, and what format it uses. The elements of “gayness” that can be layered onto a media image or graphic advance as many questions as the number of types of spectators that view it. Using what we know about the gay experience, gay history, gay iconography, gay imagery, and the contemporary discourse on gay issues, this course proposes to analyze what is gay in these media events and how they use what is thought to be “gay elements” to deliver their message. In the process of examining the “degrees of gayness” of the design, we can assess our understanding of how individuals, LGBT and others, might “read” or perceive the images. p42

(CP) Drawing and Perception I, 3 s.h.
Freehand and instrument drawing, sketching and perspective systems are taught in an integrated sequence intended to develop the student’s awareness of the relationship between visual perception and drawing skills. p34
(LT, CC) Self and Society in Chinese Literature, 3 s.h.

This course explores the concept of self in relation to society in Chinese literature from Confucius to the post-Mao era. How does ideology mold individual identity in the successive phases of Chinese cultural history? How does the self react against conventions? How do writers resolve their dual allegiance both to self and society during transitional periods when aging conventions, individual conscience and nascent ideology compete for one's loyalty. This course incorporates major works by some of the most celebrated Chinese writers and uses literature to examine the shaping of Chinese identity in its cultural, historical, social and philosophical contexts.

Intensive Language Courses

Each of these intensive language courses is given over a period of two and one-half weeks. Earn three credits for each of the courses listed below. Languages levels I and II may be taken sequentially over a five-week period for six credits. Refer to the course descriptions for additional information including meeting dates and times as well as prerequisites required for enrollment.

- Elementary German, GERM 001 & 002, p36
- Elementary Russian, RUS 001 & 002, p53

Beyond the Earth

(NS) Stars and Galaxies, 3 s.h.

Elementary treatment of stellar and galactic astronomy, tracing the development of ideas to the present time. Accompanying laboratory illustrates measurements appropriate to stellar and galactic astronomy. p22

(NS) The Solar System, 3 s.h.

Elementary treatment of the solar system, tracing the development of ideas to the present time. Accompanying laboratory illustrates measurements appropriate to solar astronomy. p22

Summer Writer’s Program

The Hofstra Summer Writer’s Program operates on the principle that true writing talent can be developed, nurtured and encouraged by writer-in-residence mentors. Through instruction, discussion, criticism and free exchange among the workshop members, new writers begin to find their voice and their style.

Some courses include: poetry writing, short fiction writing, children’s fiction writing, writing in varieties of nonfiction, and writing the novel.

For a full listing, see CRWR courses beginning on p26.

Off-campus Education

Off-Campus Education (OCE) provides opportunities for students to participate in domestic or international internships and study abroad (through non-Hofstra programs) for Hofstra undergraduate credit. Areas in which internships may be available include corporations, non-profit organizations, museums, political offices, theaters, and education. Study abroad program dates, internship opportunities, and deadlines vary. Students interested in domestic internships should contact the Domestic Off-Campus Education office at 516-463-5823. Students interested international internships or non-Hofstra study abroad programs should contact the International Off-Campus Education office 516-463-5822.

Hofstra Summer Camps: The largest university-based camp on the East Coast offers outstanding resources and facilities and two exciting summer choices: Hofstra Specialty Camps and Hofstra Sports Academy Camps.

Specialty campers spend half the day in one of more than 20 specialty areas—like musical theater, fine arts, science, video game development, baseball, tennis, and more—and the other half in recreational activities, including instructional swim in our Olympic-sized pool.

For campers whose interests are strictly athletic, Hofstra Sports Academy Camps are the perfect choice. Hofstra offers soccer, basketball, lacrosse, baseball, softball, pep band, dance and cheerleading camps, volleyball, and wrestling. Supervised by Hofstra’s NCAA head coaches, these popular camps will teach your child the skills and techniques they need to succeed.

For more information, call 516-463-CAMP or visit hofstra.edu/camp.

Documenting Diversity – In this five-week summer program, local high-school students who represent diverse populations get to experience what it is like to step inside someone else’s shoes while creating a documentary film in their journey to discover.

J-DIV – In this two-week summer journalism program, a select group of high school student journalists will get the chance to do their own reporting, write their own stories, and put their own take online and in print.

Saturday Classes for Young People – This program offers more than 60 courses in academics, arts and athletics for students aged 3-18, so there is something for everyone! Utilizing the rich resources of Hofstra University, these offerings help young people explore their intellectual, athletic and creative interests. Also included in the Saturday youth program is the Hofstra Gifted Academy and Hofstra REACH program, a program designed to benefit children with autism. For more information, call 516-463-CAMP or visit ce.hofstra.edu/youth.

Introduction to Sportscasting for Teens – Taught by professional sportscasters with decades of experience in New York television and radio broadcasting, this interesting and fun course teaches high school students (grades 7-12) the fundamentals of sportscasting, including interviewing, writing, announcing, commentary and professional presence.

Become a Better Writer in Five Days! – Earn higher grades in writing classes, prepare for the PSAT/SAT/ACT exams, learn how to write an impressive college essay, and share your stories by learning to write more descriptively and convincingly.

Summer Digital Photography Workshop (for students entering grades 8-12) – No matter what your skill level in photography, this five-day workshop — led by award-winning photographer Stan Wan — will help you get to the next level. Learn about history, subject matter, composition, lighting, camera functions, lens selection, Photoshop, printing and presentation. Let the beautiful Hofstra campus inspire you to find your photographic “eye.”

Precollegiate Law Institute: Do you have an interest in the law? Do you enjoy watching CSI, NCIS, and other programs that focus on forensic science? This exciting weeklong course exposes students to the many aspects of law and criminal justice through workshops, guest speakers, field trips and a mock criminal trial presided over by a retired Nassau Supreme Court justice.
credit certificate programs for college graduates

Hofstra University Graduate Admissions, working in conjunction with both the Frank G. Zarb School of Business and the Hofstra College of Liberal Arts and Sciences, has developed a range of Credit Certificate Programs to meet the needs of lifelong learners. These Credit Certificate Programs are designed to prepare individuals for career changes, career enhancement or further academic study. All Credit Certificate Programs (with the exception of Labor Studies) require a minimum of a bachelor’s degree for acceptance into the program.

College graduates who hold a minimum of a bachelor’s degree can become proficient in accounting, finance, general management, human resources management, information technology, international business, or marketing professions. Individuals may obtain a certificate in one year by completing six courses (18-19 credits) that are taught by Frank G. Zarb School of Business faculty during the day and evening. These credit certificate programs are also extremely useful for those individuals who want to add significant knowledge to their ongoing careers.

Accounting Certificate Program (ACP)
The ACP enables college graduates with a bachelor’s degree in any major to learn the basic concepts, techniques and skills required to understand and practice accounting. Graduates of this program are eligible for positions as accountants and also meet some of the state requirements for taking the CPA examination. Adviser: Dr. Steven Petra, 516-463-4178.

Finance Certificate Program (FCP)
The FCP enables college graduates to pursue positions with brokerage and insurance firms, commercial and investment banks, corporations, government and not-for-profit institutions. Graduates may also decide to use these courses as preparation for taking the CFA examinations. Each student must take three required courses and three additional courses in one area of concentration, i.e., investment, corporate or banking. Adviser: Dr. Andrew Spieler, 516-463-5334.

General Management Certificate Program (GMCP)
The GMCP enables college graduates to advance their careers by developing high-level competencies as managers. Individuals who have recently assumed responsibility for coordinating the work of others, and those preparing for promotion to supervisory positions, will benefit from this program. Adviser: Dr. Janet Lenaghan, 516-463-6574.

Human Resources Management Certificate Program (HRMCP)
The HRMCP enables college graduates with a bachelor’s degree in any major to pursue a career in the field of human resources management. As the effective deployment of human capital becomes increasingly important for organizational viability, graduates of this program are eligible for positions in corporations, not-for-profit organizations, and government agencies in both domestic and international markets. Adviser: Dr. Janet Lenaghan, 516-463-6574.

Information Technology Certificate Program (ITCP)
The Information Technology Certificate Program prepares college graduates for career opportunities in systems analysis, web development and information resources management. Participants learn how to analyze business needs and apply technologies to increase productivity and efficiency. No prior computer experience is necessary for people entering this fast-track program. Adviser: Dr. Elaine Winston, 516-463-5352.

International Business Certificate Program (IBCP)
The IBCP enables college graduates with a bachelor’s degree in any major to gain valuable knowledge of international business. Graduates of this program are eligible to work in a variety of positions in international business (depending on previous education and experience), including international finance, human resources, marketing and trade managers, import/export managers, foreign subsidiary managers and many others. Adviser: Dr. Joel Evans, 516-463-5704.

Labor Studies Certificate Program (LSCP)
The Certificate in Labor Studies is designed for individuals who wish only to take one or two courses per semester in a focused program of study on labor history, Collective Bargaining, Labor and Employment Law, Political Economy, Communication and Research, and Interdisciplinary Electives. Eligible courses in each area are listed on our website: hofstra.edu/laborstudies. An Advanced Certificate in Labor Studies can also be earned by successful completion of four additional courses beyond the six courses required for the Certificate in Labor Studies. Courses taken for the noncredit certificate cost as little as $450. Courses may also be taken for credit at the University’s standard tuition rate. Adviser: Dr. Gregory DeFreitas. For more information, call the Labor Studies Coordinator at Hofstra Continuing Education at 516-463-5014. Online: Visit ce.hofstra.edu to download a registration form.

Marketing Certificate Programs (MCP)
Two Marketing Certificate Programs have been developed especially for college graduates who want to pursue a career in marketing management or marketing media. One certificate program focuses on marketing management and prepares students for positions in a variety of settings, e.g., direct marketing, international marketing, sales management, retail management, marketing research and advertising. The other certificate program focuses on marketing media with emphasis on television and print advertising. Students obtain hands-on television and graphic
credit certificate programs for college graduates

production experience in Hofstra’s state-of-the-art television production studio and become uniquely qualified for marketing positions which require working closely with television production people and artists. Adviser: Dr. Joel Evans, 516-463-5704.

Certificate Program in Post-Baccalaureate Premedical Studies

The Post-Baccalaureate Premedical Studies Program provides an opportunity for students who hold a bachelor’s degree, and who have not previously studied those sciences traditionally considered part of the premedical curriculum, to prepare for entrance into a health care profession of their choice. The premedical adviser, in conjunction with the science faculty, will help students develop an individualized program of study based on their career goals, previous academic work and family/work responsibilities. This flexibility allows students to pursue a variety of careers in medicine (including osteopathic, dentistry, chiropractic, veterinary medicine and optometry), as well as design a schedule that fits their unique needs. Basic science prerequisites can also be completed for some of the allied health professions, such as physician assistant, physical therapy and occupational therapy. However, in these areas, additional course work may be necessary depending on the individual school’s requirements. Additional information can be obtained by contacting the program adviser in the Office of Graduate Admissions.

Advanced Graduate Certificate in Business Programs

The Frank G. Zarb School of Business (accredited by AACSB International – The Association to Advance Collegiate Schools of Business), working in conjunction with Hofstra University Continuing Education, developed the Advanced Graduate Certificate in Business Programs to meet the ongoing, postgraduate educational and career needs of experienced professionals. These programs enable individuals who possess graduate degrees in business to refocus their careers or update and expand upon specific business skill sets. Individuals who possess professional degrees in other areas, e.g., medicine or law, may also find these programs of interest as an expedient means of achieving expertise in a particular business function. Upon admission, students are assigned to a faculty adviser from the appropriate department within the Frank G. Zarb School of Business who assists with designing a sequence of study conducive to their individual objectives.

Advanced Graduate Certificate in Business Programs are offered in the following 10 areas of specialization: accounting, banking, corporate finance, general management, human resources management, information technology, international business, investment management, marketing and taxation.

Each specialization consists of six graduate-level courses that are taught by Frank G. Zarb School of Business faculty. A total of 18 semester hours is required (exclusive of prerequisites in some programs), and students must take 12 of these 18 credits while in residence at Hofstra. Each program may be completed in as little as one year.

Attaining a competitive edge can be a determining factor in the current corporate environment, and a broader base of knowledge acquired through a precise course of study can greatly assist in securing that edge. Individuals who are interested in enrolling in one of the Advanced Graduate Certificate in Business Programs should contact the Frank G. Zarb School of Business Graduate Programs Office at 516-463-5683.

pre-professional studies

Premedical/Prehealth Studies Program

The Premedical/Prehealth Studies Program at Hofstra prepares students for graduate-level work in health profession schools, including medicine, dentistry, osteopathy, podiatry, veterinary medicine and optometry. Generally, health profession schools seek students with a broad educational background, a strong foundation in the natural sciences, highly developed communication skills, and a solid background in the social sciences and humanities. For more information call Prehealth Adviser Ellen C. Miller at 516-463-6770.

Prelaw Program

The Prelaw Program at Hofstra is designed to provide students with the background and training needed for admission to law school. Students considering the legal profession as a career may be interested in these courses available over the summer in the following departments: Accounting; Economics; English; History; Legal Studies in Business; Philosophy; Political Science; Psychology; Sociology; Speech Communication, Rhetoric and Performance Studies.
Notes

- Courses listed herein are in alphabetical order by course type.
- Special courses and programs may not follow the normal calendar or daily schedule. Dates and times can be found in the course listing.
- The Pass/D+/D/Fail option is not available for distribution courses, except for those courses given only on that basis.
- Students who are registering for a course that requires separate enrollment in a lecture and a lab section must register for both courses.
- Students enrolling in courses requiring computer time should be aware of the Computer Center’s hours when selecting courses to ensure sufficient time for completion of assignments.

Grading

For information on grading policies, please see the 2012-2013 Undergraduate or Graduate Studies Bulletin at bulletin.hofstra.edu.

Schedule and Instructor Changes

The University may find it necessary and reserves the right to cancel a course, to divide a class and to change instructors. For up-to-date information on course availability, classrooms, and instructors, please visit hofstra.edu/classlookup.

Distribution Courses

A number of Hofstra University bachelor’s degree programs include distribution requirements among their general degree requirements. Courses that are designated as distribution courses have a two-letter prefix prefacing the course title. The following is a key to determine the distribution category into which a course may fall. For detailed information about distribution courses, see the 2012-2013 Undergraduate Bulletin.

Not all courses conform to the standard session dates. Please see individual courses for exact dates. Subject to change. Hofstra University has developed a number of different session formats to give students flexibility in their registration options. Students may choose from four-, five- and six-week courses during both the first and second summer session. Generally, Hofstra summer sessions fall into the schedule listed above; relevant dates are mentioned in the course listings.

Corequisite: IT 014.

ACCT 133 Auditing Theory and Practice 3 s.h.
SSI: 60162: May 22-June 19, MTWR, 8-10:25 a.m.; Basile; 107 C.V. Starr

The role and function of the independent auditor in the profit-directed sector of the economy is emphasized. The ethical, social, economic and political forces that have influenced the philosophy and conceptual foundations of auditing are covered in depth. Pronouncements by the American Institute of Certified Public Accountants, rulings by regulatory agencies and court decisions are analyzed. Standards that guide the auditor and the methodology used in conducting an audit are covered and illustrated, including audit considerations regarding computerized management information systems. Prerequisite(s)/Course Notes: ACCT 124, IT 014, QM 001, and senior class standing or permission of the department chairperson. Credit given for this course or ACCT 233, not both.

ACCT 135 Accounting Information Systems 3 s.h.
SSI: 60163: May 22-June 25, Distance Learning; Sledzianowski

This course explores accounting information systems and how they relate to the accountant’s ability to conduct business and make decisions. The course focuses on transaction cycles with special emphasis on ethics, fraud, and internal controls and targets the needs and responsibilities of accountants as end users of systems, systems designers, and auditors. It includes an introduction of Sarbanes-Oxley and its effects on internal controls, and other relevant topics. Prerequisite(s)/Course Notes: Prerequisites: ACCT 124 or approved equivalent, senior class standing. Corequisite: ACCT 133. Credit given for this course or ACCT 208, not both. (Formerly ACCT 127, Computer-based Accounting and Tax Systems.)

ACCT 143 Income Tax Accounting I 3 s.h.
SSI: 60164: May 22-June 19, MTWR, 10:45 a.m.-1:10 p.m.; Basile; 107 C.V. Starr

Analysis of the Federal Income Tax laws, their meaning, application, ethical and international considerations relating to individuals. Prerequisite(s)/Course Notes: ACCT 124 and senior class standing. Credit given for this course or ACCT 215, not both.

ACCT 144 Income Tax Accounting II 3 s.h.
SSI: 60165: May 22-June 19, MTWR, 10:45 a.m.-1:10 p.m.; Petra; 308 C.V. Starr

Analysis of the Federal Income Tax laws, their meaning, application, ethical and international considerations relating to business entities. Partnership, regular corporations and Subchapter S corporations will be the focus of this course. Prerequisite(s)/Course Notes: ACCT 143 and senior class standing. Credit given for this course or ACCT 215, not both.

ACCT 203 Accounting and Financial Reporting 3 s.h.
SSI: 60166: May 22-June 19, MTWR, 8:15-10:30 a.m.; TBA; 208 C.V. Starr
SSI: 70107: June 27-August 1; Distance Learning; Jones

A comprehensive overview of the basic financial statements and how they and other accounting information are utilized for managerial decision making in a global economy. Topics include, but are not limited to, financial reporting and analysis, profit analysis, capital budgeting, planning and forecasting, and cost control. Environmental factors and ethical implications are integrated throughout the course. Prerequisite(s)/Course Notes: Credit given for this course or ACCT 230, not both. Open only to matriculated graduate students in the Zarb School of Business and in other Schools at Hofstra where appropriate. See specific program requirements.
ACCT 208 Accounting Information Systems 3 s.h.
SSI: 60167: May 22-June 26, Distance Learning, Siedgianowski
Course addresses key concepts and trends in information systems technology and how they affect accountants, as well as how the business environment is affecting and stimulating the trends in development. Students gain an understanding of computer-based accounting information systems and the impact of information technology on the practice of accounting and auditing. Topics include development and documentation techniques of computer-based accounting systems, auditing and control in common computer environments, database systems, and financial reporting systems. Prerequisite(s)/Course Notes: Corequisite: ACCT 233 or approved equivalent. Open only to matriculated M.S. in accounting and M.S. in taxation students. May be taken by M.B.A. students majoring in accounting in lieu of IT 203. Credit given for this course or ACCT 127 or 135. (Same as IT 208.)

ACCT 216 Tax Accounting 3 s.h.
SSI: 60168: May 22-June 19, MTWR, 8:15-10:30 a.m.; Petra; 308 C.V. Starr
Introduction to basic business and personal federal income tax. Study and discussion of specific aspects of business transactions including executive compensation, fringe benefits, and the creation, purchase, reorganization and disposal of businesses. Course emphasizes the impact of taxation on business decisions. Prerequisite(s)/Course Notes: Successful completion of ACCT 203 or approved equivalent. Not open to students who have taken an income tax course. Open only to matriculated graduate students in the Zarb School of Business and in other Schools at Hofstra where appropriate. See specific program requirements.

ACCT 231 Cost Accounting Systems 3 s.h.
SSI: 70108: June 27-August 1, MW, 6-9:30 p.m.; Forfeder; 304 C.V. Starr
This course introduces students to the concepts, conventions, and principles underlying cost accounting and analysis for use by managers for making decisions. At the end of this course, students will understand cost behavior and cost allocation techniques, appreciate internal profitability reporting and analysis, and understand both job order costing and process costing systems utilizing actual, normal and standard costing applications. Also, students will learn standard and flexible budgeting, cost volume profit analysis, and unit cost measurement. Prerequisite(s)/Course Notes: ACCT 203 or approved equivalent. Open only to matriculated graduate students in the Zarb School of Business and in other Schools at Hofstra where appropriate. See specific program requirements.

ACCT 233 Auditing Theory 3 s.h.
SSI: 70109: June 27-August 1, MW, 6-9:30 p.m.; Basilicato; 310 C.V. Starr
The ethical, social, economic and political forces that have influenced the philosophy and conceptual foundations of auditing are covered in depth. Pronouncements by the American Institute of Certified Public Accountants, rulings by regulatory agencies and court decisions are analyzed. Standards that guide the auditor and the methodology used in conducting an audit are covered and illustrated. Audit sampling and the impact of computerized management information systems are also analyzed. Prerequisite(s)/Course Notes: ACCT 203 or approved equivalent or permission of the department chairperson. This course is open to B.B.A. students in the second semester of their senior year provided that they have been admitted to either the M.S. or M.B.A. program. Credit given for this course or ACCT 133, not both. Open only to matriculated graduate students in the Zarb School of Business and in other schools at Hofstra where appropriate. See specific program requirements.

ACCT 242 Advanced Accounting Theory and Practice 3 s.h.
SSI: 60169: May 22-June 19, MTWR, 10:45 a.m.-1:10 p.m.; TBA; 208 C.V. Starr
Advanced accounting theory and financial reporting for business acquisitions, partnerships and governmental and not-for-profit entities. Consolidated financial statements; mergers and acquisitions; partnership formation, operation and termination; foreign currency transactions and translated foreign financial statements are analyzed. Statements and pronouncements issued by standard-setting organizations are analyzed. Prerequisite(s)/Course Notes: ACCT 124 or 224 or approved equivalent. Open only to matriculated graduate students in the Zarb School of Business and in other Schools at Hofstra where appropriate. See specific program requirements.

ACCT 309 Research Seminar 3 s.h.
SSI: 60333: May 22-June 25, TBA, Lehman
Supervised research in the field of accounting on an approved topic and the preparation of a formal paper. Students formulate a research question, determine the methodological approach, review prior work, and, where appropriate, specify the sample data and research techniques. An oral presentation of the paper is required at the conclusion of the semester. Prerequisite(s)/Course Notes: Completion of 21 s.h. of graduate course work in the area of concentration. Open only to matriculated M.S. in Accounting students.

ACCT 329 Graduate Basic Internship 1-3 s.h.
SSI: 60170: May 22-June 19, TBA; 1 s.h.
SSI: 70110: June 27-August 1, TBA; 1 s.h.
This is a work-study program open to graduate students who are specializing in accounting. Students work a minimum of 35 hours in a semester for one credit, a minimum of 70 hours for two credits, or a minimum of 100 hours for three credits in a structured business program offered by a for-profit or not-for-profit organization in their area of specialization. A written evaluation of the internship work is prepared by the student at the completion of the course. Most, but not all, internship opportunities involve some form of monetary remuneration. Prerequisite(s)/Course Notes: Three core competency courses, one of which must be in the field of the student’s major and subject of the internship, or approved equivalents; 12 graduate-level credits with a 3.2 grade point average; and permission of department chairperson. Note: Students may take this course three times if taken as a one-credit class. The maximum number of credits that can be earned with this internship is three credits. Satisfactory completion of all three credits may help with the computation of a student’s overall grade point average; credits do not satisfy requirements in any major. Open only to matriculated graduate students in the Zarb School of Business and in other Schools at Hofstra where appropriate. See specific program requirements.

ACCT 330 Graduate Internship 3 s.h.
SSI: 70111: June 27-August 1, TBA
A work-study program open to graduate students who are specializing in accounting or taxation. Students work a minimum of 100 hours in the semester for selected business organizations in their area of specialization. A written evaluation of a complex, relevant managerial decision is prepared by the student at the completion of the course. Most internship opportunities involve some form of monetary remuneration. Prerequisite(s)/Course Notes: All core competency courses or approved equivalents, 12 graduate-level credits with a 3.3 GPA and permission of the department chairperson. Open only to matriculated graduate students in the Zarb School of Business and in other Schools at Hofstra where appropriate. See specific program requirements.

ADMINISTRATION and POLICY STUDIES (APS)

APS 351 Independent Study 3 s.h.
SSI: 60281: May 22-June 25, TBA; Fanelli
SSI: 60282: May 22-June 25, TBA; Seirup
SSI: 70187: June 27-July 25, TBA; Fanelli
The student will develop a project or study related to his/her field of study. With approval and continuing supervision of the adviser, the student then works independently to complete the project or study. This course is particularly appropriate for students who must complete a project as a final requirement for the degree. Prerequisite(s)/Course Notes: Permission of adviser.

APS 370 Introduction to Higher Education in the United States 3 s.h.
SSI: 60283: May 22-June 19, Distance Learning, Seirup
Reviews the historical development and current status of higher education in the United States and provides an overview of some important issues in higher education in our society: finance, government relationships, accountability; equity, administrative complexity; collective bargaining, professionalism.

APS 378 Planning, Assessment, Accreditation in Higher Education 3 s.h.
SSI: 60284: May 22-June 19, Distance Learning, Fanelli
This course explores the relationships of strategic planning, assessment and accreditation in Higher Education from multiple perspectives. Strategic planning and assessment methodologies will be discussed. The importance and role of regional and specialized accreditation will be examined. The course will provide a working knowledge of the preparation of a strategic plan, an assessment model, and a self-study report. Prerequisite(s)/Course Notes: Cannot be taken on a Pass/Fail basis.

<td>3 s.h.</td>
<td>SSI: 60061: May 22-June 25; Distance Learning, Buddenhagen</td>
<td></td>
<td>Anthropology has provided many critical revisions of the concept of culture and has thus shaped our modern world view. Is culture synonymous with tradition? How did people's capacity for culture evolve? How do cultures transform themselves? What is the difference between the humanistic and scientific approaches to understanding culture change? How can we use the study of other cultures to understand our own?</td>

<td>Colonialization and the industrial revolution have affected the world technologically, economically, socially and environmentally. Modernization and globalization continue to change the world. Developing an appreciation for pre- and non-industrial technologies, economies, and material culture is imperative for understanding how native cultural frameworks impact the creation, incorporation, use, and disposal of products and services. Using a variety of case studies and anthropological approaches, the course will address topics including: indigenous knowledge and resource management; cross-cultural perspectives on identity, gender, age, religion, symbolism, language, and politics; approaches to problem solving and conflict management; and alternative forms of currency and economic systems.</td>

<td>The tea ceremony has over 400 years of history and is rich with many Japanese cultural aspects. This course is an excellent opportunity to learn about Japanese culture through the tea ceremony. This course introduces the history, the importance of learning the tea ceremony, and the basic manners of the host/ hostess. The students will taste both mild and strong tea, and learn how to make a cup of tea. The Japanese harp, the Koto, will also be introduced as a part of Japanese culture. The Koto has been played for over 1000 years. This course introduces the history and the different types of music played on the Koto. At the end of the course, an informal tea gathering will be held at a traditional-style tea house with Koto music playing in the background. Students will: (1) get an overview of the tea ceremony and the Koto; (2) learn how to be a guest of tea gatherings, and how to make a cup of tea; (3) learn more about the Japanese culture; and (4) experience a tea gathering.</td>

AUD 547 Cerumen Management 1 s.h.
SSI: 60019: June 13 and 14; Class meets at St. John’s University.
This course provides students with the knowledge and skills necessary for proficiency in cerumen management. In accordance with ASHA 1992 guidelines, students will acquire practical, supervised training in the use of fieldheld, video, and pneumatic otoscopy, recognition of the external auditory canal (EAC) and tympanic membrane (TM) condition, and removal of cerumen when it can be performed comfortably and safely. Prerequisite(s)/Course Notes: May only be taken on a Pass/Fail basis. Minimum GPA of 3.0 required.

AUD 568 Introductory Speech-Language Practicum (Preschool, K-12, Adult) 1 s.h.
SSI: 70314: June 26-August 1; TBA, Russio
Supervised practicum at the Hofstra Speech-Language-Hearing Clinic. Students administer evaluations and provide treatment to individuals at different developmental levels from culturally and linguistically diverse populations. In order to meet the requirements of this practicum, students must be available at least 100 hours/semester. A weekly seminar focuses on professional issues-ethical and legal issues, theories, and applications of method for diagnosis, clinical and education intervention (e.g., ethical and legal issues, history, data collection and interpretation, and outcomes) and various disorders (e.g., language, phonologic, fluency, neurologic, and literacy deficits).

AUD 570 Clinical Externship in Audiology 1 s.h.
SSI: 60020: May 22-June 25, TBA, Dunn-Murad
This seminar course accompanies the Clinical Fellowship Year, a paid supervised clinical experience. Specific requirements for the clinical fellowship year may vary based on setting. The course will focus on professional practice and management issues, such as third party reimbursement, infection control, HIPAA, quality assurance and patient outcome measures. Prerequisite(s)/Course Notes: Pass/Fail
Grade only. Repeatable for credit up to 9 s.h. Open only to matriculated students enrolled in the Au.D. program. (Formerly SPCH 362, Clinical Fellowship Year.)

BIOCHEMISTRY (BCHM)

BCHM 163 Bio-Organic Chemistry of Metabolism 3 s.h.
SSI: 70028: July 8-August 9; MTWRF, 8:30-10:20 a.m.; Lefurgy; 114 Berliner
Major focus on metabolism and the control of biochemical processes; allosteric control; membrane structure and function in metabolic and hormonal control mechanisms. (3 hours lecture.) Prerequisite(s)/Course Notes: CHEM 135. (Formerly Biochemistry of Metabolism.)

BIOLOGY (BIO)

BIO 011 (NS) Introductory Cell Biology and Genetics 4 s.h.
SSI: 70022 (Lecture): June 27-August 1; MTWR, 9:30-11:45 a.m.; St. Angelo; 306 Roosevelt
SSI: 70023 (Lab): June 27-August 1; TWR, 12:30-3:30 p.m.; St. Angelo; 208 Gittleson
This course provides an introduction to basic cell structure and function and the genetic basis of inheritance. Topics covered include: basic biochemistry, cell structure and function, metabolism and cellular respiration, genetics and molecular biology. Students are required to prepare individual or group-based oral presentations, using appropriate computer-based technologies. Students will participate in group-based interactive workshops in which they will be expected to inform/persuade/defend viewpoints to fellow students in collaborative discussions. This course is designed to be the first required biology course for biology majors. Also recommended for majors in other sciences, pre-health professional, pre-veterinary students and undeclared students considering science as a major. Majors in other disciplines are strongly advised to take BIO 3 or 4 to fulfill a laboratory science requirement. This course sacrifices animals in laboratory. If students taking this course have moral, ethical, or religious beliefs that prevent them from participating, they need to discuss available alternatives to these activities with the chairperson of the Department of Biology. (3 hours lecture, 3 hours laboratory, 1 hour recitation.) Prerequisite(s)/Course Notes: CHEM 003A; BIO 012 with a grade of C- or better. Lab fee additional.

BIO 012 (NS) Animal Form and Function 4 s.h.
SSI: 60036 (Lecture): May 22-June 25, MTWR, 9:30-11:45 a.m.; Orridge; 306 Roosevelt
SSI: 60064 (Lab): May 22-June 25, MTW, 12:30-3:30 p.m.; Orridge, 220 Gittleson
This introductory course covers the biology of the major groups of animals, both vertebrate and invertebrate. Various systems will be discussed (e.g., respiration, nutrition) with emphasis on both the regulatory principle of homeostasis and on the cellular basis of system function. Students are required to prepare individual or group-based oral presentations, using appropriate computer-based technologies. Prerequisite(s)/Course Notes: Lab fee additional. Course designed for biology majors. Also recommended for majors in other sciences, pre-health professional, pre-veterinary students and undeclared students considering science as a major. Majors in other disciplines are strongly advised to take BIO 003 or 004 to fulfill a laboratory science requirement. This course involves dissection of dead animals in laboratory. If students taking this course have moral, ethical, or religious beliefs that prevent them from participating, they need to discuss available alternatives to these activities with the chairperson of the Department of Biology. (3 hours lecture, 3 hours laboratory, 1 hour recitation.)

BIO 100 Biostatistics 4 s.h.
SSI: 60065: May 22-June 25, MTW, 10 a.m.-4 p.m.; Sanford, 213 Gittleson
Fundamentals of descriptive and predictive statistics in biology. Elements of experimental design and analysis of biological data. Topics include measures of central tendency and variability, tests of significance, analysis of variance, correlation and regression. Recitation will focus on analysis, interpretation and presentation of scientific data using statistical software (2 hours lecture, 2 hours recitation.) Prerequisite(s)/Course Notes: BIO 011, 012, sophomore status. SOC 180 and PSY 040 may be substituted for statistics requirement for the B.S. degree but additional biology credits must be taken for the total of 45 s.h. of biology required for the B.S. Of these courses, only BIO 100 may be used for biology majors or urban ecology majors for either elective credit in the major or to satisfy the mathematics requirement, but not both. Students will receive credit for only one of BIO 100, SOC 180 or PSY 040. May not be taken on a Pass/D+/D/Fail basis. (Formerly 3 s.h.)

BIO 103 Human Anatomy and Physiology I 3 s.h.
SSI: 60066 (Lecture): May 22-June 25, TR, 9 a.m.-Noon; Pepitone; 013 Roosevelt
SSI: 60067 (Lab): May 22-June 25, 8 a.m.-12:30 p.m.; Pepitone, 214 Gittleson
Basic histology, anatomy (gross and microscopic) and physiology of the skeletal, muscular and nervous system. Human anatomy is studied using charts and models. Superficial anatomy is studied on the human body. Dissection of analogous structures on the cat. (2 hours lecture, 3 hours laboratory.) Prerequisite(s)/Course Notes: Credit not awarded toward major in biology. Lab fee additional.

BIO 105 Human Anatomy and Physiology II 3 s.h.
SSI: 70024 (Lecture): June 27-August 1; TR, 9 a.m.-Noon; Pepitone, 013 Roosevelt
SSI: 70025 (Lab): June 27-August 1, MW, 8 a.m.-12:30 p.m.; Pepitone, 214 Gittleson
Histological, anatomical and physiological aspect of the circulatory, digestive and reproductive systems. Human anatomy is studied using human models and charts. Dissection of these systems in the cat. (2 hours lecture, 3 hours lab.) Prerequisite(s)/Course Notes: BIO 103 or permission of instructor. Credit not awarded toward major in biology. May not be taken on a Pass/D+/D/Fail basis. Lab fee additional.

BIO 140 Human Physiology 4 s.h.
SSI: 70026: June 27-August 1; MTWR, 9:30 a.m.-12:45 p.m.; Peterson; 015 Roosevelt
This course provides an understanding of the complex physiological mechanisms by which the human body functions in health and disease, with a general emphasis on structure – function relationships, mechanisms of homeostasis, and pathophysiology. Emphasis is given to the concepts that are most frequently encountered in primary care clinical practice. (4 hours lecture.) Prerequisite(s)/Course Notes: BIO 011, 012, 135 or 136; CHEM 003A & 004A, 003B & 004B. Course designed for students planning to enter into a medical profession. Students must have a GPA of 3.0 or better to register. Credit not given for both BIO 140 and 144. May not be taken on a Pass/D+/D/Fail basis.

SSI: 60088: May 22-June 10, Distance Learning; Sengupta; open to online M.B.A. students only
SSI: 70184: June 27-July 25, TR, 7-9:10 p.m.; Fazeli; 201 Barnard
An intensive survey of basic economics. Prerequisite(s)/Course Notes: Open to matriculated M.B.A. students. May not be taken on a Pass/Fail basis.

EDUCATIONAL ADMINISTRATION (EADM)

EADM 236 Race, Ethnicity, & Gender in American Education 3 s.h.
SSI: 70287: June 27-July 25, W 4:30-9:30 p.m.; Lightfoot; TBA
This course explores historical and contemporary educational practices and policies related to various ethnic and racial groups, as well as women in the United States. We will identify the social, cultural, political, and intellectual forces that shape educational policy in the teaching and learning process. We address a fundamental question: “What should America’s public schools do to provide an educational experience that emphasizes both quality and equity for all students in a democratic, pluralistic society?” Prerequisite(s)/Course Notes: Same as FDED 234. Students seeking certification as classroom teachers should not enroll in this course.

EADM 262A Engaging External Environments: Social, Political, Economic, and Legal Contexts of Schools 4 s.h.
SSI: 70291: May 29-June 16, T, 4:30-8:10 p.m.; Richman; 006 Hagedorn
Schooling in the United States is heavily influenced by the social, political and legal contexts in which it takes place and occurs amidst a fragmented, multi-layered governance system. As a result, schooling is contextually specific, necessarily political, and increasingly a matter of legal concern. Often understood as forces to which leaders must react, external environments should rather be considered bounds within which proactive school and district leadership for learning can take place. In this course, students will develop an understanding of the dynamics of family and community, professional organizations, and the larger policy environment and consider how to work effectively in these important external environments to build relationships, garner resources and adopt an effective advocacy stance to support student learning. Through readings, case studies, discussions, and small group activities, students will explore, among other topics, families and communities as stakeholders, the governance of schools, equity in education as distributive justice, and transformational ways that school leaders can engage their external environments. Performance is assessed through the quality and degree of mastery demonstrated in the undertaking of these activities. Prerequisite(s)/Course Notes: Open only to matriculated students.

EADM 263 Administrative Internship I 2 s.h.
SSI: 60291: May 22-June 19, TBA; Warren
A cooperatively guided administrative experience that focuses on the decision-making and problem-framing tasks of administrators. Students submit a plan of administrative and supervisory tasks to the departmental program and internship coordinator. These tasks are to be agreed upon by the coordinator and the school or district supervisor, with achievement to be determined against a stated list of competencies developed by the department and assessed by the school/district supervisor and the University supervisor. Prerequisite(s)/Course Notes: Registration by permission of the Departmental Program and Internship Coordinator. EADM 262A should be taken concurrently with, or prerequisite to this course. Open only to matriculated students in the CAS program. Pass/Fail grade only.

hofstra.edu/summer 29
EADM 272  School District Business Fiscal Planning and Management  6 s.h.
SSI: 70293: May 30-July 18, R, 4:30-9:10 p.m.; TBA
This course focuses on the fiscal responsibilities of the school district business office. Students will develop an in-depth and experiential understanding of the business offices’ responsibilities and learn how to effectively and ethically create and manage financial conditions that comply with state and federal laws and regulations and support the learning goals of the district and the New York state standards. Specifically, the course will focus on development and management of the budget, projecting and securing revenue, purchasing, accounting and auditing, payroll operations and risk management.

EADM 291  Building and Sustaining Effective School-Community Partnerships  3 s.h.
SSI: 70292: May 29-July 17, W, 4:30-9:10 p.m.; Richman, TBA
Drawing on philosophies/theories, processes, and practices that build and sustain effective school-community partnerships, this course addresses the identification and utilization of community resources and the development of effective intra- and inter-organizational strategies, community linkages, and collaborative efforts necessary to provide for the holistic needs of students and families. Special attention is focused on the role of school leaders in planning and implementing community-wide and building level communications and involvement networks, through the development of practical action learning sets and tools. Prerequisite(s)/Course Notes: May be taken on a Pass/Fail basis only.

EADM 310  Administrative Internship  3 s.h.
SSI: 60288: May 22-June 19, TBA; Warren
SSI: 70200: June 27-July 25; TBA; Warren
A cooperatively guided administrative experience at the school building level. Students will submit a plan of administrative and supervisory tasks to the departmental internship coordinator. These tasks to be agreed upon by the coordinator and the school building supervisor, with achievement to be determined against a stated list of competencies assessed by the school building supervisor and a University supervisor. Monthly seminars for consideration of problems confronted in the field. Prerequisite(s)/Course Notes: Registration only by permission of the departmental internship coordinator. Open only to matriculated students. Pass/Fail grade only.

EADM 312  Administrative Internship  3 s.h.
SSI: 60289: May 22-June 19; TBA; Warren
SSI: 70201: June 27-July 25; TBA; Warren
A cooperatively guided administrative experience at the central office level. Description is the same as for EADM 310, 311 except that experiences to be undertaken and supervisor designated is a member of the central office staff. Prerequisite(s)/Course Notes: Registration only by permission of the departmental internship coordinator. Open only to matriculated students. Pass/Fail grade only.

SSI: 70204/70208: June 27-July 25; TBA
SSI: 70205/70209: June 27-July 25; TBA; Byrne-Jimenez
SSI: 70206/70210: June 27-July 25; TBA; DiMartino
Through individual consultation with dissertation advisors, students fully develop their doctoral research proposals. Students must register for this course each semester until the proposal is accepted. Prerequisite(s)/Course Notes: Pass/Fail grade only.

EADM 604  Dissertation Advisement  3 s.h.
SSI: 70211/70213: June 27-July 25, TBA; DiMartino
SSI: 70212/70214: June 27-July 25; TBA; Thompson
Doctoral candidates enroll in 604 upon departmental acceptance of the dissertation proposal. Registration in 604 is continuous until the dissertation is accepted. Once the dissertation is accepted, students may apply up to 6 semester hours to satisfy dissertation advisement requirements. Prerequisite(s)/Course Notes: Pass/Fail grade only.

ELED 041  Mathematics Concepts for Elementary School Teachers  2 s.h.
SSI: 60293: May 22-June 19, MW, 3-5:30 p.m.; Stemm; 003 Hagedorn
This course is designed to provide prospective elementary school teachers with conceptual understanding of the mathematics needed to teach elementary school mathematics curriculum. Prerequisite(s)/Course Notes: Pass/D+/D/Fail grade only. (Formerly Basic Concepts in Arithmetic and Related Teaching Practices.)

ELED 104A  Educational Computing Issues, Trends & Practices  1 s.h.
SSI: 60292: May 22-June 19, Distance Learning; Joseph
The elementary classroom teacher is called upon to use new technologies to facilitate the learning process. Provides a foundation in the theory and practice of such technology. Topics explored include technology and learning patterns, educational hardware and software, evaluation techniques, information processing and communication. Hands-on experience is provided with a variety of educational software. Students explore implementation models for computers across the elementary curriculum.

ELED 111A  Children’s Movement and Rhythmic Activities for the Classroom Teacher  1 s.h.
SSI: 60327: May 22-June 19, W, 12:45-3:45 p.m.; Schneider;
Class meets in Hagedorn Lobby
AA study of methodologies for the development of rhythmic activities, aesthetic and creative abilities for children grades 1-6. Consideration given to curriculum integration and the special learning needs of diverse student populations. Prerequisite(s)/Course Notes: Sneakers required.

ELED 122  Art in the Elementary School  1 s.h.
SSI: 70281: Study Abroad; see page x.
Course presents methods of integrating the creative arts into the elementary school curriculum. Explore art forms that engage students on many levels as well as clarify and enhance required academic curriculum. Subjects examined include perceptual stages of development, creativity, multiple intelligence theory, adaptation for included children with handicapping conditions, and curriculum mapping. Art forms include painting, drawing, poetry, sculpture, and collage. Prerequisite(s)/Course Notes: There is a materials fee of $10.

ELED 181I  Special Topic: Artistic & Literary Traditions of Italy  3 s.h.
SSI: 70286: Study Abroad; see page x.
Italy, Greece, Spain, and Turkey provide authentic settings and spectacular surroundings for studying the arts with a view to designing instructional strategies and units that integrate art and architecture from seats of both Western and Eastern civilization. Students develop multicultural approaches to teaching with a view to how environment and culture influence curriculum development. Independent study students will join all tours and develop units of study that relate to their major or area of interest. Students will participate in this experience through the perspective of their major or professional field.
ELED 186I Special Topics: Building Literacy Strategies by Exploring the Connection Between Cultural Influences, Italian Folklore & Children’s Literature 3 s.h.

They will explore how readers theatre and drama can serve as a vehicle for building literacy skills and cultural awareness. Additionally they will enhance their instruction of the folktales through the use of puppetry and felt board figures. Prerequisite(s)/Course Notes: Students will tour historical landmarks and museums in Rome, Florence and the Amalfi coast and develop a resource portfolio. Tours will be provided by local experts in each area. Travel fees additional. For further information contact Dr. Esther Fusco.

ELED 202 Teaching Reading, Writing, and Language Arts: PreK-Grade 3 3 s.h.
SSII: 70275. Study Abroad; see page x.
This course is designed to prepare students to teach reading and writing in the elementary school. The focus is on the acquisition of language and literacy in young children from diverse backgrounds, and the teacher’s active role in scaffolding this learning in accordance with New York state guidelines and national professional association Standards for the Language Arts. Theoretical and curricular issues will be considered in the context of the psychosocial nature of reading and writing, and the roles that family, culture, language, and diverse learning styles play in children’s learning. Readings and discussions address the integrated reading/ writing program, technology, assessment, and the selection and use of children’s literature. Prerequisite(s)/Course Notes: Recommended corequisite ELED 203.

ELED 205 Language in the Curriculum 3 s.h.
SSII: 70276. Study Abroad; see page x.
The interrelationship of the language arts with an emphasis on children’s literature and authentic writing in the upper elementary grades for learners from diverse cultures and language backgrounds. Readings and activities stress the design and assessment of a literacy curriculum based on New York state and national standards. Students spend 15 hours as participants and observers in classroom settings.

ELED 211 Children’s Movement and Rhythmic Activities in the Curriculum 1 s.h.
SSII: 60295. May 22-June 12, W, 4-6:45 p.m.; Schneider; Class meets in Hagedorn Lobby
Participants acquire methods of instruction, activities, and materials for use in children’s movement and rhythmic activities. Consideration is given to curriculum integration of the arts, multicultural content, and the special learning needs of diverse student populations. Prerequisite(s)/Course Notes: Recommended corequisite ELED 205.

ELED 212 Art in the Curriculum 1 s.h.
SSII: 70279. Study Abroad; see page x.
Explore modes of integrating the creative arts into the elementary school curriculum. Study art forms that engage students on a multitude of levels, thereby clarifying and enhancing required academic curriculum. Subjects covered include perception, developmental stages in art, multiple intelligence theory, adaptation for included children with handicapping conditions, curriculum mapping and art history. Art forms explored include painting, sculpture, collage, and poetry. Prerequisite(s)/Course Notes: There is a materials fee of $10.

ELED 213 Critical Perspectives in Human Development 3 s.h.
SSII: 70271. Study Abroad; see page x.
One of the two courses that critically examines human development within the context of culture and schooling, designed for prospective teachers who need to take seriously the idea that cultural context is crucial to understanding development. Teachers’ preconceptions of school and children are identified and problematized. Traditional theories are explored and critiqued and the idea of a natural developmental progression is questioned. Emphasis on the individual is broadened to include the ways in which school/social structures limit and support development.

ELED 227 Elementary School Curriculum 3 s.h.
SSII: 60294. May 22-June 19, TR, 4:30-6:20 p.m.; Fusco, 180 Hagedorn
Principles, trends, techniques in curriculum construction and revision. A central purpose is to assist each student to integrate and synthesize understanding of elementary education through a comprehensive approach to curriculum study. Prerequisite(s)/Course Notes: ELED 203L or 204L.

ELED 243 Multicultural Perspectives on Early Childhood Development 3 s.h.
SSII: 70270. Study Abroad; see page x.
This course explores the physical health, nutrition, safety, social, emotional, aesthetic, linguistic, and cognitive characteristics of young children from diverse sociocultural backgrounds with an emphasis on implications for group care and education. Global perspectives on prenatal development through the primary school years frame discussion of both typical and atypical growth and learning.

ELED 258 Intro to Information Technology in Education 1 s.h.
SSII: 60310. May 22-June 19, Distance Learning; Joseph
The classroom teacher is called upon to use new technologies to facilitate the teaching and learning process. This course focuses on the integration of information technologies across the early childhood/elementary curriculum. A variety of information technologies including computers, scanners, digital cameras, and video capture devices. The Internet and communication tools are explored with a view toward enhancing classroom instruction. Students initiate the development of their professional electronic portfolios which continue to evolve throughout the M.S. in Education program. Prerequisite(s)/Course Notes: Students who took ELED 104A on the undergraduate level will not get additional credit for this course, and should consult their adviser for a substitute course.

ELED 278 Writing and Children’s Literature 3 s.h.
SSII: 70216. Study Abroad; see page x.
Provides an in-depth investigation of literature for children as a literary experience which promotes language and writing development. Emphasis on developing strategies to use experience with various genres and styles to help children become critical readers and writers.

ELED 281I Special Topics 3 s.h.
SSII: 70278. Study Abroad; see page x.
Specific courses designed to explore emerging topics in education. As individual subjects are selected, each is assigned a letter (A-Z) and added to the course number. Specific titles and course descriptions for these special topics courses will be available each semester in the Semester Planning Guide. Any course may be taken a number of times so long as there is a different letter designation each time it is taken.

ELED 281O Special Topics: Current Research on the Brain and Learning 3 s.h.
SSII: 70217. June 27-July 8, MTRF, 9 a.m.–Noon, Zwiwn, TBA
The objective of this course is to further understanding of the educational relevance of current neuroscientific research of the brain and how it impacts learning. Class will explore perception and creativity across the curriculum, as it is presently understood through brain imaging and other modes of study. Students will examine how educators are applying this research to pedagogical practice.

Any course may be taken a number of times so long as there is a different letter designation each time it is taken. Not applicable to the master of science in education or master of arts degrees.

ENGINEERING (ENGG)

ENGG 028 Strength of Materials 3 s.h.
SSI: 60371: May 29-June 25, MTWR, 10:45 a.m.-1:10 p.m.; Rooney; 100B Weed
Prerequisite(s)/Course Notes: MATH 072 or permission of department.

ENGG 030 Engineering Circuit Analysis 3 s.h.
SSI: 60058: May 22-June 19, MTWR, 8-10:25 a.m.; Ghorayeb; 100A Weed
Principles of linear system analysis introduced through the study of electric networks containing lumped circuit elements. DC resistive circuit analysis techniques. Transient analysis with capacitors and inductors. Steady-state AC analysis using phasors to study impedance and resonance. Prerequisite(s)/Course Notes: PHYS 021A, Corequisite: PHYS 073. This course is that the reader is the key element in the creation of a literary work. Students, therefore, will have the opportunity to read many tales, myths and discuss a variety of authors who were influenced by the Italian culture. The works studied (Huckleberry Finn, Citizen Kane, Who’s Afraid of Virginia Woolf?, The Music Man, Wise guy, Goodfellas, and The Natural, among others) examine the following themes in American literature: the roles of men and women, family values, heroes and role models, American ingenuity, the underdog and the outlaw, and success. Prerequisite(s)/Course Notes: WSC 001. (Formerly 192C.)
ENGL 183Y  Readings in Literature or Special Studies: Powers of Darkness  3 s.h.
SSI: 60094: May 22-June 19; Distance Learning; Fizer
Each semester, the department offers several “special studies” courses. These courses deal with specific issues, themes, genres, and authors. Intensive study of major authors and/or literary themes. Subjects to be selected yearly. Prerequisite(s)/Course Notes: WSC 001. The topics of the “special studies” courses change every semester. Please consult the English Department Course Description Booklet for topics offered in a particular semester.

ENGL 198R  Special Studies: American Rebels  3 s.h.
SSI: 80041: August 5-23; TBA; Fichtelberg
This is a distance learning course offered online. Please contact the English Department for registration procedures. Americans like to think of themselves as innovators and adventurers. Like immigrants willing to risk all for a chance at another life, we, as a society and culture, seem to pride ourselves on our native ability to seize the time, oppose the commonplace, and strike out on our own. Ralph Waldo Emerson, in his seminal essay “Self Reliance,” seemed to be speaking for all Americans when he wrote, “No law can be sacred to me but that of my nature. The only right is what is after my constitution; the only wrong is what is against it.” If everyone has the duty to be bad, then bad becomes the universal good. This online course will examine rebellious writers of America’s first great literary century—roughly the period from 1790 to 1900. The writers we will consider—John Marrant, Frederick Douglass, Nathaniel Hawthorne, Edgar Allan Poe, Herman Melville, Henry James, Kate Chopin, and, of course, Emerson—are remembered for their fierce moral commitments. In giving voice to conscience they stood out against their time—and, often, against each other. But their revolutionary stance as often looked to the past as to the future. Some, like Marrant and Hawthorne, wanted to purify their time by reviving old ways. Others, like Douglass and Emerson, wanted to shatter convention and bring revolutionary change. Still others, like James, Melville, and Chopin, depicted rebels defeated by the forces they tried to oppose. In following their stories, we will watch a cultural conversation come into sharp focus, one that attempts to define a new nation’s values by challenging its most cherished ideals. Prerequisite(s)/Course Notes: WSC 001.

ENGL 203  Approaches to English Grammar  3 s.h.
SSI: 60092: May 22-June 25; MW, 8-8:40 p.m.; Harshbarger; 011 Davison
A thorough investigation of grammatical principles with a comparison of traditional, structural and transformational approaches. Consideration of the purposes of language study and practical applications of grammatical knowledge in teaching students to write. Prerequisite(s)/Course Notes: Same as WSC 201. Credit given for this course or WSC 201, not both.

**MGT 110: Business Policy and Strategy (GBUS)**

- **3 s.h.**
- **SSII: 60194:** May 22-June 19, MTWR, 4:15-6:40 p.m., Persky, 103 C.V. Starr
- A capstone course enabling students to integrate functional area knowledge in order to effect managerial decisions and assume leadership roles in organizations. Theory and concepts are applied using both case analysis and a computer-based business simulation. Topics include: elements of the strategic planning process, such as strategy formulation and implementation; ethics and corporate social responsibility; corporate, business, and functional-level strategy; the relationship between strategy and organizational structure, and systems. **Prerequisite(s)/Course Notes:** Business majors with senior class standing and MGT 101, FIN 101 and MKT 101. (Students who have completed 88 s.h. or above may seek a waiver from the department chairperson.) Corequisites: FIN 110, MGT 110. (Formerly Seminar: Business Policy.)
GEOL 001 (NS) Planet Earth 3 s.h.
SSI: 60102 (Lecture): May 22-June 25, MTWR, 11:26 a.m.-12:55 p.m.; Bennington, 225 Gittleson
SSI: 70044 (Lecture): June 27-August 1, MTWR, 1:30-2:55 p.m.; Farmer, 225 Gittleson
SSI: 70045 (Lab): June 27-August 1, MTWR, 2:56-4:25 p.m.; Farmer, 225 Gittleson
Origin and evolution of the universe, elements, solar system, earth, continents, oceans and atmosphere set in the context of modern plate tectonic theory. The relationship of principal earth components (rocks and minerals) to materials useful to society (ores, fossil fuels and gemstones). Effects of surface processes (rivers, deserts, glaciation, soils) in the context of contemporary problems, including water supply, hurricanes and world climate. Study of tectonic forces with the related geologic hazards of volcanism and earthquakes. Written research report and in-class oral presentation using visual media required of all students. Field trip supports course topics. (2 hours lecture, 2 hours laboratory.) Prerequisite(s)/Course Notes: Credit given for this course or GEOL 011 or New College NGG 003.

GEOG 006 (NS) Introduction to Dinosaurs and the Mesozoic World 3 s.h.
SSI: 60101: May 22-June 25, MTWR, 10-11:25 a.m.; Bennington, 225 Gittleson
Drawing on the latest geological and paleontological research, this course introduces the student to the scientific methods and thinking used to reconstruct the history of the Earth. Although the focus of the course is on dinosaurs and the characteristics of the Mesozoic world in which they lived, students learn how fundamental scientific theories such as geochronology, evolution, and plate tectonics provide the framework for interpreting the geologic past. Course topics also include the history of dinosaur paleontology, the climate, flora, and fauna of the Mesozoic, the evolution of birds, dinosaur paleobiology, and the riddle of the extinction of the dinosaurs. Written research report and in-class oral presentation using visual media required of all students. Field trips support course topics. (2 hours lecture, 2 hours laboratory.)

HADM 204 Health Economics 3 s.h.
SSI: 60040: May 22-June 25, TBA; Gianelli
Applies micro- and macro-economic concepts, principles, and methods to the organization, delivery, costs, and financing of health services, while focusing on how economic factors influence access to health services. The history of how health care economics developed in the United States and defied the laws of supply and demand is explored. Prerequisite(s)/Course Notes: HADM 200 or adviser permission. (Formerly MHAE 271, Economic Issues in the Healthcare Industry.)

HADM 220 Behavioral Health Administration 3 s.h.
SSI: 60041: May 22-June 25, TBA; Deyer
Studies the delivery and organization of behavioral health services including types of providers and treatment settings, professional training and licensure and their implications to diagnosis, treatment options and payment systems, concepts of adherence/compliance, the relationship between mental health and physical well-being, and emerging behavioral health issues. Prerequisite(s)/Course Notes: HADM 200 or adviser permission.

HADM 224 Home Health Administration 3 s.h.
SSI: 60042: May 22-June 25, TBA; Brodsky
Examines the administration and provision of non-institutional home healthcare services. Emphasis placed on organizational structure, service delivery, financing, costs, staffing, utilization review, quality assurance and needs methodology. Also studied are options to home health services, such as adult day care and comprehensive outpatient rehabilitative care. Prerequisite(s)/Course Notes: HADM 200 or adviser permission.

HADM 260 Health Administration Internship 3 s.h.
SSI: 60043: May 22-June 25, TBA, Agris
SSI: 70017: June 27-August 1, TBA, Agris
SSI: 80013: August 5-23, TBA, Agris
Three-hundred hours supervised field placement that provides student with opportunities to gain practical administrative experience in the health services field. Placements strive to integrate administrative and academic theories into the management of health services by enhancing administrative skills under the direction and supervision of a faculty member and a knowledgeable mentor in an environment that promotes learning. Prerequisite(s)/Course Notes: Adviser permission. Pass/fail grade only. (Formerly MHAE 263A, Supervised Internship in Health Services.)

HADM 261 Health Systems Operations 3 s.h.
SSI: 60044: May 22-June 25, TBA
Affords students a practicum experience shadowing a hospital administrator-on-duty (A.O.D.). Hospital policies, procedures, and operations are reviewed and analyzed. Role-playing exercises provide opportunities to re-create and discuss administrative decision-making and decisionmaking contingencies in the contemporary hospital. Class times may vary to accommodate individual and institutional schedules. Prerequisite(s)/Course Notes: HADM 200 or adviser permission.

<td>Origins of Modern Law</td>
<td>3 s.h.</td>
<td>Moved by the needs of an expanding and evolving society, Europeans of the 11th through 13th centuries created new legal systems. They drew on the legal wisdom of the ancient Romans and on the written and unwritten traditions of the early middle ages. The legal systems they created gave shape and direction to the society of early Europe, still observable in the modern world, especially in Europe and America.</td>

<td>This course will trace the history of Galicia, the Atlantic region of northwestern Spain where the Hofstra Study Abroad program in Spain will be based during Summer Session II. It will use the city of Santiago de Compostela — a world-famous pilgrimage center — and other historical sites, as a living “text” to supplement the written materials assigned for the course: students will engage in a number of guided field trips as part of their course work. We will follow the development of Galicia from its ancient Celtic origins, through the emergence of the pilgrimage route in the Middle Ages, to its modern resurgence and reinvention in the twenty-first century. Themes will include its role in Atlantic history, its relationship with the rest of Spain, and its vibrant cultural legacy in fields ranging from music to film to literature.</td>

course offerings

ITLT 042  (LT) Sex, Lies and Writing: Boccaccio's Decameron  3 s.h.
SSII:  70242. Study Abroad; see page x.
This course offers the opportunity to examine Decameron’s narrative strategies in a gendered perspective, emphasizing how the prominent role played by women in the stories becomes instrumental in questioning cultural stereotypes and in destabilizing religious, legal and medical assumptions of medieval society. Discussion will revolve around the notion of sexual identity, the embodiment of sex in the Middle Ages and the rise of realism in 13th- and 14th-century Italian literature. All works are read and discussed in English.

ITLT 090  (LT) Lifelines: Italian Women's 20th-Century Prose Fiction  3 s.h.
SSIII:  80096. August 5-23; Distance Learning, Ultsch
An investigation of various modes of self-expression in 20th-century Italian prose fiction (autofictions, regional novel, bildungsroman). The texts, read in English, represent an overview of literature written by Italian women from the early 20th century to the present and include contributions from both peninsular and insular authors. In addition to the relevant literary and sociopolitical contexts of writing, the course explores themes such as the negotiation of the right to write, motherhood and authoring, representation of gender roles, female social transgression, rebellion, and self-awareness.

ITALIAN STUDIES (ITST)

ITST 141  (AA) Italian Cinema from Neorealism to the Present  3 s.h.
SSII:  70243. Study Abroad; see page x.
Detailed analysis of major films with attention to the cultural and political functions of cinema in post-war Italy. Screenings of films by Rossellini, De Sica, Visconti, Fellini, Antonioni, Pasolini, Bertolucci and others.

JAPANESE (JPAN)

JPAN 001Z Explorations in the Japanese Language  2 s.h.
SSII:  70320. Study Abroad; see page x.
This course will provide student participants in Hofstra in Japan (HJI) with a hands-on approach to the rudiments of Japanese grammar through communicative exercises. Students will also learn hiragana and katakana. Prerequisite(s)/Course Notes: This course is not available for language requirement credit, and students who have taken Japanese before are not permitted to enroll. May not be taken on a Pass/D+/D/Fail basis.

JOURNALISM (JRNL)

JRNL 001 Media Ethics  3 s.h.
SSIII:  80066. August 5-23; MTWR, 10 a.m.-1:10 p.m.; Bambrick, 306 Dempster
This course offers an examination of the fundamental ethical principles of media essential to democratic self-government. As media become ever more central to civil society and community, the ways in which messages frame issues are more directly related to individual values, beliefs and world views. Students need not arrive at the same set of moral principles, but they are encouraged to develop the moral reasoning and acuity necessary to arrive at a coherent and consistent moral framework. The course involves extensive use of case studies in addition to primary and secondary readings in the history, principles and practices of media as seen through journalism, public relations and general media. Prerequisite(s)/Course Notes: May not be taken on a Pass/D+/D/Fail basis. (Formerly Ethics and Principles of the American News Media.)

JRNL 011 News Writing and Reporting  3 s.h.
SSI:  60213. May 22-June 25, Distance Learning, Fletcher
Defining news and its importance in a democratic society; structure of news-gathering process; the elements of news; introduction to basic news reporting and writing for print and broadcast; use of the Internet as a reporting and research tool; accuracy and fairness as journalistic imperatives. Outside community research and reporting time is required. Prerequisite(s)/Course Notes: WSC 001 and 002, or permission of the instructor. Lab fees additional.

JRNL 014 Multimedia Journalism Video  3 s.h.
SSIII:  80067. August 5-23, MTWR, 2:30-5:40 p.m.; Smith, 122A Dempster
This course introduces students to the concepts of shooting and editing video for a variety of journalism outlets. Using digital video equipment, students will learn the theories in class and then practice the concepts of shooting video for journalistic storytelling. They will also learn standard editing techniques for a variety of multimedia journalism applications. Outside community research and reporting time is required. Prerequisite(s)/Course Notes: JRNL 010 and 011. May not be taken on a Pass/D+/D/Fail basis. No liberal arts credit. Lab fees additional.

JRNL 050 Feature and Magazine Writing  3 s.h.
SSI:  60214. May 22-June 25; Distance Learning, Fletcher
Writing and reporting of feature news stories for print and the Web with special emphasis on stories intended for magazine publication. Prerequisite(s)/Course Notes: JRNL 013. Outside community research and reporting time is required. Lab fees additional.

JRNL 056 Desktop Publishing  3 s.h.
SSII:  70139. June 27-August 1, TWR, 2:30-5:40 p.m.; Graber, 122B Dempster
Students learn the necessary skills to design their own publications employing state-of-the-art software that includes Adobe InDesign, Adobe Photoshop and other publishing programs. Prerequisite(s)/Course Notes: No liberal arts credit. Lab fees additional.

JRNL 170 Internships  1-3 s.h.
SSI:  60216/60217/60218. May 22-June 25, TBA; Fincham, 1-3 s.h.

SSI:  70149. June 27-August 1, TBA; Zook; 1 s.h.
An internship program that affords students an opportunity to apply their classroom experience in a professional work setting appropriate to their major field of study. Prerequisite(s)/Course Notes: To register for the first s.h. of internships, students majoring in journalism must have satisfactorily completed JRNL 011. Students taking 1 s.h. must work a minimum of 150 hours; students taking 2 s.h. must work a minimum of 180 hours. Each student must also complete a paper or project relevant to their work experience and fulfill other requirements as designated by the sponsoring professor. May be repeated up to a total of 3 s.h. if internships are at different organizations. Permission of an adviser is required. Pass/Fail grade only.

JRNL 180V Special Topics: International Journalism: Theory and Practice  3 s.h.
SSI:  70261. Study Abroad; see page x.
This course will explore how technology affects journalism in ways which would have been unthinkable in the Roman Forum in 59 BC. Working in groups and individually, students will apply their digital and social media skills to build journalism for the 21st century.

JRNL 271 Professional Internship  3 s.h.
SSI:  60234: May 22-June 25, TBA; Zook
SSI:  60235: May 22-June 25, TBA; Papper
SSI:  70150. June 27-August 1, TBA
An advanced student enrolled in this course will learn to apply classroom experience in a professional setting – publication, corporation, non-profit organization or other institution appropriate to their major area of study. Students will work at least 120 hours during the internship and produce an analytical paper at the end. The student, the academic internship adviser and the professional supervisor will work together to maximize the student’s learning of practical application of course work. Prerequisite(s)/Course Notes: JRNL 211 and permission of instructor. Pass/Fail only.
course offerings

JRN 281 Independent Study 3 s.h.
SSI: 70151: June 27-August 1; Morosoff, TBA
An independent study is a specialized, individualized program involving a particular area of interest for which there is not currently an established course. A student, second-year and above, may propose an independent study to any member of the graduate faculty. Permission must be secured before registering for the course. Prerequisite(s)/Course Notes: JRN 211. May not be taken on a Pass/Fail basis.

JRN 290B Special Topics in Journalism: Photojournalism 3 s.h.
SSI: 60280: May 22-June 25; MTWR, 6:30-8:20 p.m.; Van Benthuyzen; 122A Dempster
This is a studio skills course that will train graduate students in photo assigning, story development, shooting, photo editing, and production of stand-alone stills as well as SoundSlide production of visual content for the web. A large component of the course will be planning and executing photo coverage of two events each week. Critiques of the raw shots as well as editing and composition of final presentations will be done in class. Lecture and seminar portion of the course will stress ethical, historical, aesthetic and legal dimensions of visual journalism. Students will have numerous out-of-classroom assignments, both in the field and in the computer lab. Basic use of Photoshop will be explored for the sake of optimizing photo content, and creating a basic level of expertise for web presentations for news and other feature techniques.

LATIN (LAT)

LAT 001 Elementary Latin 3 s.h.

LYST 202 Literacy for Special Subjects Teachers 1 s.h.
SSI: 60299: May 22-June 19, W, 5-7:30 p.m.; Montauredes, 033 Hagedorn
This course addresses current issues in literacy studies of concern to teachers of art, music, health or physical education. The course addresses: reading and writing as constructive language processes; language and literacy learning; and the relationship between literacy and other sign systems (such as art, music, or movement). Pre-service and in-service special subjects teachers will explore how they might 'read' or perceive the images.

LYST 214 Language and Literacy in Early Childhood and Childhood 3 s.h.
SSI: 60301: May 22-June 19, MW, 4:30-7 p.m.; Flurkey, 210 Hofstra Dome
This course investigates issues in language and literacy for children from birth to grade six. Readings and discussions of the language processes (listening, speaking, reading, and writing) are grounded in theoretical perspectives in the areas of psycholinguistics, social/cultural literacies, the transactional nature of literature, and critical literacy. Teaching methodologies that support language and literacy development of early childhood and elementary students are studied through readings and field experiences. There is an emphasis on the role of cultural and linguistic diversity in literacy learning and teaching and how teachers can serve as advocates by working in both schools and communities. Prerequisite(s)/Course Notes: A 10-hour field experience is required.

LYST 215A Language and Literacy in Middle Childhood and Adolescence 3 s.h.
SSI: 70221: June 27-July 11, MTWR, 1-4:30 p.m.; Henry, 204 Hofstra Dome
This course investigates issues in language and literacy, focusing on grades 5-12. Readings and discussion of the language processes (listening, speaking, reading, and writing) are grounded in the theoretical perspectives in the areas of psycholinguistics, social/cultural literacies, the transactional nature of literature and critical literacy. Teaching methodologies that support language and literacy development of middle school and high school students are studied through readings and field experiences. There is an emphasis on the role of cultural and linguistic diversity in literacy learning and teaching. Students are expected to develop their own theories of literacy learning in school and communities. Prerequisite(s)/Course Notes: A 10-hour field experience is required.

LYST 242 Literacy Practicum: Assessing the Complexity of Student Learning (Birth Through Grade 6) 3 s.h.
SSI: 70185: June 27-July 25, F, 9 a.m.-Noon; Garcia, 101 Hagedorn
This practicum provides participants with the opportunity to establish a critical site of inquiry for the study of ethnographic approaches to literacy assessment. Participants develop biographic literacy profiles by using close-grained observations of literacy processes (ethnographic assessment, miscue analysis, retrospective miscue analysis and strategy lessons) to determine how individuals use literacy to solve problems in community and school settings. Participants develop and put into practice a student advocacy model of instructional assessment that values ethnic and linguistic diversity. Emphasis on grades K-6. A 30-hour practicum at the Saltzman Reading/Writing Learning Clinic is required. Prerequisite(s)/Course Notes: Completion of Phase I Literacy Studies courses and LYST 240, 241.

LYST 243 Literacy Practicum: Assessing the Complexity of Student Learning (Grades 5-12) 3 s.h.
SSI: 70222: June 27-July 25, MTWR, 10 a.m.-4 p.m.; F, 1-4 p.m.; TBA; 201 Lowe
This practicum provides a critical site of inquiry for the study of ethnographic approaches to literacy assessment. Participants create biographic literacy profiles by using close-grained observations, miscue analysis, writing document analysis, retrospective miscue analysis and strategy lessons to solve problems in community and school settings. Participants develop and put into practice a student advocacy model of instructional assessment that values ethnic and linguistic diversity. Emphasis on middle school, high school, and young adult students. A 30-hour practicum at the Saltzman Reading/Writing Learning Clinic is required. Prerequisite(s)/Course Notes: Completion of Phase I courses; and LYST 240 and 241.

LYST 244 Advanced Retrospective Miscue Analysis 3 s.h.
SSI: 70296: July 18-20, MTW, 9 a.m.-4 p.m.; R, 7-9 p.m.; F, 9 a.m.-4 p.m.; Goodman/Flurkey, TBA
Retrospective Miscue Analysis is a powerful tool, which enables teachers and researchers to engage in a close-grained study of a reader’s processing of written text. In this procedure, the teacher/researcher employs miscue analysis techniques to engage readers to bring the use of reading strategies at a conscious level. Teachers and students work together as co-explorers of the reading process. In this course participants are involved in planning and executing several RMA sessions and associated reading strategy lessons with a specific instructional or research focus in mind. Prerequisite(s)/Course Notes: Phase I courses and LYST 241.
LYST 248  Writing Practicum: Assessing and Supporting Children as Writers  3 s.h.

SSII:  70186: June 27-July 25; MTWR, 9 a.m.-3 p.m.; F, 9 a.m.-Noon; TBA, 285 Hagedorn

This practicum provides participants with a critical site of inquiry for the study of ethnographic approaches to literacy assessment and teaching. Participants develop biographic profiles of young writers by using close-grained observations of literacy processes (ethnographic observations, document analysis, developmental portfolios, etc.) to determine how children use writing to solve problems in community and school settings. Participants develop and put into practice a student advocacy model of evaluation and instruction that values ethnic and linguistic diversity. Emphasis on K-6. A 30 hour practicum at the Saltzman Reading/Writing Learning Clinic is required. Prerequisite(s)/Course Notes: Completion of Phase I courses in M.A. in Teaching of Writing. LYST 240 and LYST 262.

LYST 249  Writing Practicum: Assessing and Supporting Adolescent Writers (Grades 5-12)  3 s.h.

SSII:  70227: June 27-July 25; MTWR, 10 a.m.-4 p.m.; F, 1:30-4 p.m.; TBA, 003 Hagedorn

This practicum provides a critical site of inquiry for the study of ethnographic approaches to literacy assessment. Participants create biographic literacy profiles of writers using close-grained observations of literacy processes (ethnographic observations, writing document analysis, developmental portfolios, interview and conferences, etc.) to determine how individuals use writing to solve problems in community and school settings. Participants develop and put into practice a student advocacy model of instructional assessment that values ethnic and linguistic diversity. Emphasis on middle school, high school, and young adult students. A 30 hour practicum at the Saltzman Reading/Writing Learning Clinic is required. Prerequisite(s)/Course Notes: Completion of Phase I courses in M.A. in Teaching of Writing. LYST 240 and 262.

LYST 261  Writing Pictures Painting Stories as Mindful Social Practice  3 s.h.

SSII:  70229: June 27-July 25; MTWR, 9 a.m.-3 p.m.; TBA

This research course focuses on the interrelationships between literacy and creativity. Students will participate in research projects which explore the interface between functional texts and aesthetic scripts, illustration as visual story, photography as visual poetry, writing as an art form, lettering as design, the physicality of print, how tools and materials influence composition, and the production of texts as mindful social practice. Students will participate in: [1] studio activities which focus on the construction of a variety of functional and aesthetic texts; [2] research seminars which focus on the implications for pedagogy of the physical, technological and social practices associated with multi-media text construction; and [3] ethnographic field work at the Metropolitan Museum of Art. A ten-hour field experience is required. Prerequisite(s)/Course Notes: There is an additional materials fee. Completion of Phase I in the MA in the Teaching of Writing Program, or completion of Phase I in the MSED in Literacy Studies Program; or permission of the instructor.

LYST 353  Reading Miseue Conference  1 s.h.

SSII:  70288: July 15-19; TWR, 9 a.m.-1 p.m.; TBA, 284 Hagedorn

Miseue Analysis is a powerful tool for understanding, evaluating, and supporting reading and readers. The bi-annual Reading Miseue Conference includes keynote speakers and a range of conference sessions addressing applications of miseue analysis for classroom teaching, specialist settings, reading centers, professional development, teacher education and research. Participants are engaged in demonstrations and discussions of reading research with foremost scholars in the field. Prerequisite(s)/Course Notes: Course may be repeated for credit. Pass/Fail grade only.

LITERATURE IN TRANSLATION (LIT)

LIT 071  (LT) Russian Culture and Literature: Between East and West  3 s.h.

SSII:  60082: May 22-June 19, MTWR, 10:45 a.m.-1 p.m.; Pustovoit, 106 Brower

Russia had stood at a crossroads in Eastern Europe between the influence of the Orient and Western Europe. As a consequence, the Russian identity is a curious mix of Eastern and Western influences. This course will present samplings from many aspects of Russian culture, including art, music, film, literature, language, religious practice, popular culture, customs and traditions, history, and the image of Russia in American culture. Our goal will be to comprehend how Russian culture has established itself between two extremes of East and West. Prerequisite(s)/Course Notes: The course is open to all students regardless of level, and all materials will be read in English. (Formerly 97.)

LIT 087  (LT, CC) Modern Chinese Literature  3 s.h.

SSII:  60316: Study Abroad; see page x.

This course explores different aspects of modern Chinese culture and society as represented in Chinese narrative practices from fiction to film. Social and cultural inquiry will accompany and enter into the literary analysis of specific texts. Class discussion will cover not only literary issues, such as critical realism, modernism and post-modernism, but also social and cultural topics, such as the continuity and discontinuity of traditional values in modern China, self-society confrontation, gender construction, shifts of economic structures, changes of ideology, the new mentality in the post-Mao era, etc. Course materials include the literary works of major modern Chinese writers from 1900 to the present and films by avant-garde filmmakers of recent decades. Prerequisite(s)/Course Notes: Formerly Traditions of Narrative in Modern Chinese Culture; Modern China in Fiction and Film.

LIT 088  (LT, CC) Self and Society in Chinese Literature  3 s.h.

SSII:  80036: August 5-23, Distance Learning, Zhou

This course explores the concept of self in relation to society in Chinese literature from Confucius to the post-Mao era. How does ideology mold individual identity in the successive phases of Chinese cultural history? How does the self react against conventions? How do writers resolve their dual allegiance both to self and society during transitional periods when aging conventions, individual conscience and nascent ideology compete for one’s loyalty. This course incorporates major works by some of the most celebrated Chinese writers and uses literature to examine the shaping of Chinese identity in its cultural, historical, social and philosophical contexts.

MANAGEMENT (MGT)

MGT 101  Introduction to Management  3 s.h.

SSII:  60195: May 22-June 25, Distance Learning, Comer

SSII:  70130: June 27-August 1, Distance Learning, Pand

A comprehensive analysis of the functions and processes of management in profit and not-for-profit organizations. Classical and contemporary theories of organizational behavior and design; ethical, political, global, social and environmental considerations. Prerequisite(s)/Course Notes: Sophomore class standing or above. (Students who have completed 24 s.h. or above may seek a waiver from the department chairperson.)

MGT 110  Introduction to Operations Management  3 s.h.

SSII:  60198: May 22-June 25, Distance Learning, Sengupta

SSII:  80058: August 5-23, MTWR, 6-9:10 p.m.; Huang, 103 C.V. Starr

Management of the operations function of an organization. Topics covered include operations system design, product and service design, capacity planning, project management, supply chain management, quality management, demand management and inventory management. Social, environmental, ethical, and international considerations are discussed, including usage of specific software. Prerequisite(s)/Course Notes: QM 001, MGT 101 and IT 014; junior class standing or above. (Students who have completed 58 s.h. or above may seek a waiver from the department chairperson.)

### Marketing (MKT)

**Prerequisites/Notes:**

- Students who have completed 20 s.h. of the course may seek a waiver from the department chairperson.

**Description:**

An intensive analysis of the concepts, structure and operation of the domestic and international marketing system, the development and evaluation of marketing plans, industrial and final consumers, product planning, agencies and functions of distribution, promotion and publicity, pricing, legislation, ethics, social responsibility and environmental issues. Prerequisite(s)/Course Notes: Sophomore class standing or above. (Students who have completed 20 s.h. or above may seek a waiver from the department chairperson.)

**Course Notes:**

- Credit given for this course or MGT 201C, not both. Open only to matriculated graduate students in the Zarb School of Business and in other Schools at Hofstra where appropriate. See specific program requirements.
- Design and evaluation of advertising strategies based upon knowledge of consumer demand, advertising methods, mechanics and institutions with emphasis on media selection, copy selection, budgetary planning, legal and ethical constraints and research to determine advertising effectiveness. Prerequisite(s)/Course Notes: MKT 101 and junior class standing or above.
- This course examines the role of emerging technologies on an organization’s marketing function. Specifically, the role of the Internet is considered as it impacts on all aspects of the relationship between the firm and its markets, suppliers, partners, and other publics. Special attention is given to the role of electronic commerce in researching, serving, and building relationships with an organization’s consumer and industrial markets. The course will make intensive use of the Internet, case studies, current readings, and student projects. Prerequisite(s)/Course Notes: MKT 101 and junior class standing or above.
- This course focuses on the difference between goods and services and the impact of these differences on marketing of services. Topics include service quality, customer service/satisfaction, ethical issues in marketing of services, and marketing of services internationally. Prerequisite(s)/Course Notes: MKT 101 and junior class standing or above.
- Conditions affecting the international marketing position of the United States and other selected countries, development of multinational marketing policies, trade with developed and developing countries. Foreign market research, channels of international marketing, international advertising media, mechanics and documentation of foreign trade. Organization and management of international marketing intermediaries. Emphasis on case studies and experiential exercises. Prerequisite(s)/Course Notes: MKT 101 and junior class standing or above. Same as IB 170.
MKT 175 Marketing Planning and Strategy 3 s.h.
SSI: 60344: May 22-June 25, Distance Learning, Mathur
SSI: 80004: August 5-23, MTWR, 11 a.m.-12:10 p.m.; Yoo, 204 C.V. Starr
This course focuses on the role and functions of strategic marketing in the management of organizations. Emphasis is placed on understanding the global environment in which the organization operates and the integrative application of various facets of marketing in the development of effective and ethical strategic marketing plans. The analytic skills of students are enhanced through reading assignments, classroom discussions and activities, and term projects. Prerequisite(s)/Course Notes: MKT 101, 124, senior class standing, and 6 additional semester hours of marketing electives. (Formerly Marketing Planning and Product Strategies.)

MKT 203 Marketing Analysis and Management 3 s.h.
SSI: 60020: May 22-June 25, Distance Learning, Lee
Managerial decisions in the marketing area. Topics include marketing strategy determination, the role of marketing research, consumer behavior, marketing and the law, consumerism, social responsibility of marketers, international marketing and product, pricing, distribution and channel policy. A special focus on analytical techniques in developing, implementing and controlling marketing plans is provided. Prerequisite(s)/Course Notes: Credit given for this or MKT 207, not both. Open only to matriculated graduate students in the Zarb School of Business and in other Schools at Hofstra where appropriate. See specific program requirements.

MKT 220 International Marketing 3 s.h.
SSI: 60205: May 22-June 25, MW, 6-9:30 p.m.; Zhang, 205 C.V. Starr
Organizing and managing international marketing operations. Stresses concepts, terminology, institutions and trends. Comparative analysis of consumer and institutional behavior in selected industrial and nonindustrial countries. Emphasizes data sources and cross-cultural research methodology. Examines organizational models, North-South dialogue, protectionism, commodity trading, marketing consortia, East-West trade, regional integration, development of undersea resources and socioeconomic impact of multinational marketing. Prerequisite(s)/Course Notes: MKT 203. Open only to matriculated graduate students in the Zarb School of Business and in other Schools at Hofstra where appropriate. See specific program requirements.

MFT 270 Practicum and Ethical Issues in Marriage and Family Therapy II 3 s.h.
SSI: 80007: May 22-August 23, W, 12:30-2:20 p.m.; TBA
This practicum is geared toward the professional and develops skill building in systemic therapy. Students develop psychotherapeutic initiatives and access resources in acquiring a diversified ethical professional role. It bridges theoretical writings of family systems experts and combines them with their ethical application in clinical practice. This course explores the various therapeutic interventions within family interactions. The evolving challenge to understand family patterns will be undertaken as the class enters the operational environment of the clinical world in which they work. This course includes 150 hours of supervised clinical field work during which students complete a minimum of 15 direct client contact hours toward the required total needed to graduate from the MFT program. Prerequisite(s)/Course Notes: A grade of B or better must be achieved to pass the practicum and register for MFT 298 and 299. MFT 238, 266, 267, and COUN 210. Course cannot be taken Pass/Fail.

MASS 001 Mass Media: History and Development 3 s.h.
SSI: 60279: May 22-June 25; MTWR, 6-10:20 a.m.; Morosoff, 300 Dempster
SSI: 70140: June 27-August 1; Distance Learning, Allison
A survey course, from colonial times to the present, emphasizes the social and political roles of the media—against a historical background and against evolving changes in society. An international and cross-cultural approach is used to examine the contributions made by media pioneers in different parts of the world.

MASS 170 Internships 1-3 s.h.
SSI: 70152: June 27-August 1; TBA; Allison
An internship program that affords students an opportunity to apply their classroom experience in a professional work setting appropriate to their major field of study. Prerequisite(s)/Course Notes: Students taking 1 s.h. must work a minimum of 120 hours; students taking 2 s.h. must work a minimum of 150 hours; students taking 3 s.h. must work a minimum of 180 hours. Each student must also complete a paper or project relevant to their work experience and fulfill other requirements as designated by the sponsoring professor. May be repeated up to a total of 3 s.h. if internships are at different organizations. Permission of an adviser is required. Pass/Fail grade only.

MASS MEDIA STUDIES (MASS)

MASS 237C Special Topics 3 s.h.
SSI: 70010: June 27-August 1; MTR, 1-3 p.m.; Ghigiarelli, 208 Hofstra Dome
Specific courses designed to explore emerging topics in physical education and sport. As individual subjects are selected, each is assigned a letter (A-Z) and added to the course number. Any course can be taken a number of times so long as there is a different letter designation each time it is taken. May not be taken on a Pass/Fail basis.

MASTER OF PUBLIC HEALTH (MPH)

MPH 220 Environmental and Occupational Health 3 s.h.
SSI: 60055: May 22-July 3, MW, 6:15-8:20 p.m.; TBA; 201 Hofstra Dome
This course will introduce students to important issues and concepts in the fields of occupational and environmental health. Classes will cover varied aspects of the field, including air and water pollution, workplace exposures to hazardous substances, and exposures to hazardous agents in the home. Regulation by government agencies at the federal and state level will be discussed, as will policies for implementing environmental health programs. The science of environmental health will be reviewed, with special emphasis on health effects of environmental exposures. Case studies will be used throughout the course, since case studies provide foci for discussion in class as well as development of each student's own understanding of issues and concepts in the field of environmental health. Prerequisite(s)/Course Notes: MPH 200, MPH 202, MPH 203.

MPH 280A Special Topics in Public Health 1-3 s.h.
SSI: 60065: May 22-June 25, T, 6:15-8:20 p.m.; TBA; 207 Hofstra Dome
Designed to expose students to emerging issues in the field of public health, not otherwise addressed in depth in the curriculum. Faculty will work together to identify areas of expertise that would enrich the existing curriculum and be of interest to students. Prerequisite(s)/Course Notes: As individual subjects are selected, each is assigned a letter (A-Z) and added to the course number. Any course can be taken a number of times so long as there is a different letter designation each time it is taken. May not be taken on a Pass/Fail basis.

MASTER OF SCIENCE IN PHYSICAL EDUCATION (MSPE)

MSPE 231 Applied Sport and Exercise Biomechanics 4 s.h.
SSI: 70009: June 27-August 1, MTWR, 4:10-6:10 p.m.; Ghigiarelli, 209 Hofstra Dome
An investigation of the structural and mechanical bases of human movement and exercise programming. Anatomical and mechanical factors that influence effective and efficient movement patterns will be emphasized. The relationship of these factors to developmentally appropriate physical education will be covered. Prerequisite(s)/Course Notes: 2 hours lecture, 1 hour lab. May not be taken on a Pass/Fail basis.

MSPE 232 Applied Sport and Exercise Physiology 4 s.h.
SSI: 60010: May 22-June 19, MTWR, 5:30-7:40 p.m.; Seal, 209 Hofstra Dome
An investigation into the functional systematic adaptations made by the human body in adjusting to the various types of physical activity. The role of physical activity and its relationship to human development, and applications to physical education will be emphasized, 2 hours lecture, 1 hour lab. Prerequisite(s)/Course Notes: May not be taken on a P/F basis. (Formerly PESP)

MSPE 237C Special Topics 3 s.h.
SSI: 70010: June 27-August 1; MTR, 1-3 p.m.; Ghigiarelli, 208 Hofstra Dome
Specific courses designed to explore emerging topics in physical education and sport. As individual subjects are selected, each is assigned a letter (A-Z) and added to the course number. Specific titles and course descriptions for these special topics courses will be available each semester in the Semester Planning Guide. Any course may be taken a number of times so long as there is a different letter designation each time it is taken.

### Mathematics (MATH)

#### MATH 040 (MC) Linear Mathematics and Matrices
- **Credit Hours:** 3 s.h.
- **SSIs:** 60110: May 22–June 25, Distance Learning, Waner

Matrix algebra, systems of linear equations, linear programming, Markov processes, and game theory. Applications to business and the biological and social sciences are included. Prerequisite(s)/Course Notes: At least two years of high school mathematics and Math Proficiency/Placement scores as interpreted by advisement. (Formerly MATH 009.)

#### MATH 045 (MC) Elementary Set Theory, Logic & Probability
- **Credit Hours:** 3 s.h.
- **SSIs:** 70052: June 27–August 1, Distance Learning, Waner

Sets, logic, probability. Prerequisite(s)/Course Notes: At least two years of high school mathematics and Math Proficiency/Placement scores as interpreted by advisement. (Formerly MATH 015.)

#### MATH 050 (MC) Precalculus
- **Credit Hours:** 4 s.h.
- **SSIs:** 60111: May 22–June 25, MTWR, 8:10-10:40 a.m., Seabold, 208 Adams

A function-based approach to the study of algebra and trigonometry, with particular focus on the polynomial, rational, trigonometric and exponential/logarithmic functions. The concepts studied in this course are fundamental to the study of Calculus and most of the mathematical applications to the sciences. Prerequisite(s)/Course Notes: At least three years of high school mathematics and Math Proficiency/Placement scores as interpreted by advisement. May not be taken after MATH 071 without prior permission of the department chairperson. (Formerly MATH 011.)

#### MATH 071 (MC) Analytic Geometry and Calculus I
- **Credit Hours:** 4 s.h.
- **SSIs:** 60112: May 22–June 25, MTWR, 12:20-3:10 p.m., Eswarathasan, 208 Adams
- **SSIs:** 70053: June 27–August 1, MTWR, 11 a.m.-2 p.m., Akbik, 201C Adams

Limits, derivatives, techniques of differentiation, trigonometric functions, curve sketching, applications of the derivative, integrals, applications of the integral. Meets five hours each week. Prerequisite(s)/Course Notes: MATH 050 with grade C- or better or departmental placement. No credit for both this course and MATH 061 or 061A. Exceptions may be made with permission from the department chairperson. May not be taken after MATH 072. (Formerly MATH 019.)

#### MATH 072 (MC) Analytic Geometry and Calculus II
- **Credit Hours:** 4 s.h.
- **SSIs:** 60113: May 22–June 25, MTWR, Noon-3 p.m., Grassi, 201C Adams
- **SSIs:** 70054: June 27–August 1, MTWR, Noon-3 p.m., Warner, 200 Adams

Exponential, logarithmic, and inverse trigonometric functions, techniques of integration, improper integrals, introduction to differential equations, parametric equations, polar coordinates, infinite sequences and series. Meets five hours each week. Prerequisite(s)/Course Notes: MATH 071 with a grade of C- or better. (Formerly MATH 020.)

#### MATH 073 (MC) Analytic Geometry and Calculus III
- **Credit Hours:** 4 s.h.
- **SSIs:** 70055: June 27–August 1, MTWR, 11 a.m.-2 p.m., Wu, 208 Adams

Three-dimensional analytic geometry, elementary vector analysis, partial derivatives, multiple integrals, vector fields, parametric curves and surfaces, line integrals, Green’s Theorem, introduction to surface integrals and theorems of Stokes and Gauss. Meets five hours each week. Prerequisite(s)/Course Notes: MATH 072 with a grade of C- or better. (Formerly MATH 020.)

#### MATH 133 (MC) Geometry
- **Credit Hours:** 3 s.h.
- **SSIs:** 70056: June 27–August 1, MTWR, 5-7:10 p.m., Mammo, 200 Adams

Course cross-listed with MATH 233

Foundations of Euclidean and non-Euclidean geometry. Axioms and models. Topics include triangles and circles, geometric transformations, projective and hyperbolic geometries. Use of geometry software. Prerequisite(s)/Course Notes: MATH 114.

#### MATH 143 (MC) Engineering Mathematics I
- **Credit Hours:** 3 s.h.
- **SSIs:** 60114: May 22–June 25, MTWR, Noon-2:10 p.m., Elston, 207A Adams

Systems of linear equations, row operations, Gauss Jordan reduction, matrix algebra, inversion, determinants, eigenvalues and eigenvectors, Vector Calculus, Green’s Theorem, Stoke’s Theorem, Fourier Series, the solution of the heat and wave equations by Fourier Series, Bessel functions and applications. Prerequisite(s)/Course Notes: MATH 73.

#### MATH 198B Special Studies in Mathematics
- **Credit Hours:** 3 s.h.
- **SSIs:** 60119: May 22–June 25, MTWR, 6:30-7:40 p.m., Whittenton, 208 Adams

Each course covers a preannounced topic in mathematics. The topics chosen for 198 have little or no advanced mathematics course prerequisites; the topics for 199 often have one or more advanced mathematics course prerequisites. Prerequisite(s)/Course Notes: May be repeated for credit when topics vary.

#### MATH 233 Geometry
- **Credit Hours:** 3 s.h.
- **SSIs:** 70057: June 27–August 1, MTWR, 5-7:10 p.m., Mammo, 200 Adams

Course cross-listed with MATH 133.

Advanced studies in the foundations of Euclidean and non-Euclidean geometry; axioms and models; neutral geometry; parallel postulates and different geometries; and hyperbolic and spherical geometry. The focus of any given offering of the course may be in Euclidean geometry, neutral geometry, or non-Euclidean geometry. Prerequisite(s)/Course Notes: Approval of the graduate coordinator of mathematics. May not be taken on a Pass/Fail basis. (Formerly MATH 298A, 298L, 298Y.)

### Music (MUS)

#### MUS 003 (AA) Music Appreciation (for nonmajors)
- **Credit Hours:** 3 s.h.
- **SSIs:** 60155: May 22–June 25, MTWR, 8:30-10:40 a.m., TBA, 216 Monroe

A fundamental approach to the development of music listening skills through a study of representative Western musical masterpieces and of the principal genres, forms and styles of world music. Independent listening and attendance at concerts required.

#### MUS 003P (CP) Voice
- **Credit Hours:** 1 s.h.
- **SSIs:** 60342: May 22–July 3, Distance Learning, Balson

Private instruction. As arranged. See MUS 1P-22P for more information.

#### MUS 129 (AA) Opera
- **Credit Hours:** 3 s.h.
- **SSIs:** 60313: May 22–June 25, Distance Learning, Carter

An historical survey of opera with particular emphasis on works in the standard repertory. This course explores important concepts and practices relating to opera, and traces important stylistic trends and developments. Students will be expected to acquire basic listening skills. Attendance at a performance may be required.

#### MUS 270A Orff-Schulwerk Certification Program, Level I
- **Credit Hours:** 3 s.h.
- **SSIs:** 70167: July 8–19, MTWRF, 8:30 a.m.-4:45 p.m., Dupont/Hiller, 010 New Academic Bldg.

An in-depth study of Orff-Schulwerk. A multifaceted approach to developing good musicianship. Courses include study of major classic compositions, compositions for recorder, orchestration techniques, movement and pedagogic sequence for developing music reading, performance, and creativity skills. Prerequisite(s)/Course Notes: Permission of instructor required.

#### MUS 270B Orff-Schulwerk Certification Program, Level II
- **Credit Hours:** 3 s.h.
- **SSIs:** 70169: July 8–19, MTWRF, 8:30 a.m.-4:45 p.m., Dupont/Hiller, 010 New Academic Bldg.

An in-depth study of Orff-Schulwerk. A multifaceted approach to developing good musicianship. Courses include study of major classic compositions, compositions for recorder, orchestration techniques, movement and pedagogic sequence for developing music reading, performance, and creativity skills. Prerequisite(s)/Course Notes: Level I, Permission of instructor required.

#### MUS 270C Orff-Schulwerk Certification Program, Level III
- **Credit Hours:** 3 s.h.
- **SSIs:** 70171: July 8–19, MTWRF, 8:30 a.m.-4:45 p.m., TBA, 216 Monroe

An in-depth study of Orff-Schulwerk. A multifaceted approach to developing good musicianship. Courses include study of major classic compositions, compositions for recorder, orchestration techniques, movement and pedagogic sequence for developing music reading, performance, and creativity skills. Prerequisite(s)/Course Notes: Level I, II, Permission of instructor required.

#### MUS 273G Special Topics in Music Education
- **Credit Hours:** 3 s.h.
- **SSIs:** 70173: June 24–28, MTWRF, 8:30 a.m.-4:45 p.m., Dupont/Hiller, 010 New Academic Bldg.

Workshops of interest to current music educators.

### Course Offerings

**PESP 225 Analysis of Movement** 3 s.h.
*SSI*: 60007: May 22-June 19; TBA; Ghigiarelli
*Description*: Investigation of the biomechanical basis of motor performance. Includes a descriptive analysis of sport skills and fundamental movement patterns and an examination of techniques for collecting biomechanical data. *Prerequisite(s)/Course Notes*: Kinesiology or permission of instructor.

**PESP 277 Capstone Project** 1 s.h.
*SSI*: 60008: May 22-June 19; TBA; Sell
*Description*: This course is designed to provide a culminating experience for students in the Master of Arts in Physical Education Program. Focus will be on the completion of a structured project that addresses an issue in physical education, strength and conditioning, or adventure education. Students will design their project with the guidance of faculty. *Prerequisite(s)/Course Notes*: PESP 275, RES 258. May not be taken on a Pass/Fail basis.

**PESP 292 Strength and Conditioning Techniques** 3 s.h.
*SSI*: 80007: August 5-23; TBA; Ghigiarelli
*Description*: This course is designed to develop knowledge, skills, and abilities associated with the delivery and implementation of strength and conditioning programs. Topics include Instructional and performance techniques of resistance training, creative calisthetics, Cardiovascular conditioning, speed and agility development, and plyometrics. *Prerequisite(s)/Course Notes*: PESP 290. (Formerly MSPE.)

**PESP 293 Strength & Conditioning Program Development** 3 s.h.
*SSI*: 60009: May 22-June 19; MTR, Noon-2 p.m., Bradshaw, 201 Hofstra Dome
*Description*: This course is designed to investigate relationships among strength and conditioning systems, the program development cycle, and the organizational triad. The development of philosophy/mission statement, needs assessment, goals/objectives formulation, planning, implementation, and program evaluation will be examined in terms of personnel, facilities/equipment, and delivery systems. *Prerequisite(s)/Course Notes*: PESP 290 and 292. (Formerly MSPE.)

**PHYSICIAN ASSISTANT STUDIES (PHA)**

**PHA 219 Diagnostic Modalities** 2 s.h.
*SSI*: 60048: May 22-June 25; TBA; L’Epplatenier/Loscalzo
*Description*: This laboratory-based course is designed to teach students about and provide practice with technical procedures frequently encountered in primary care, emergency medicine, and surgical settings – procedures such as intravenous cannulization, suturing, urethral catheterization, splinting and casting and nasogastric lavage. In addition, the interpretation of laboratory tests, electrocardiograms, and radiographs will be covered. *Prerequisite(s)/Course Notes*: Open only to students enrolled in the professional phase of the Physician Assistant Studies Program. May not be taken on a Pass/Fail basis.

**PHA 227 Medicine III** 6 s.h.
*SSI*: 60049: May 22-June 25; TBA; Shebes/Ritter/Ancona
*Description*: The third course in the three-course medicine sequence, this course explores the subspecialty medicine disciplines of pediatrics, geriatrics, obstetrics, gynecology, emergency medicine and surgery. The diagnosis and treatment of disease states found in these sub-disciplines will be described, and each will be contrasted to basic concepts learned in PHA 224 and 225. Integration with PSY 234 will be made for all diseases discussed. *Prerequisite(s)/Course Notes*: Open only to students enrolled in the professional phase of the Physician Assistant Studies Program. May not be taken on a Pass/Fail basis.

**PHA 233 Correlative Medicine** 2 s.h.
*SSI*: 60050: May 22-June 25; TBA; Ricoy
*Description*: This course is a case-based presentation of the diagnosis and treatment of common symptoms. Both group and individual case analysis will be used to develop patient databases and differential diagnoses for medical problems encountered in the primary-care setting. The course is designed to help students synthesize material from the didactic year and to provide an opportunity to practice three essential components of clinical problem-solving and decision-making: 1) the use of critical thinking; 2) the written format for clinical cases; 3) the oral presentation of a clinical case. *Prerequisite(s)/Course Notes*: Open only to students enrolled in the professional phase of the Physician Assistant Studies Program. May not be taken on a Pass/Fail basis.

**PHA 234 Pharmacology III** 2 s.h.
*SSI*: 60051: May 22-June 23; TBA; Longo
*Description*: The final course of a three-semester study of the pharmacopoeia of clinical medicine, this course integrates the pharmacodynamics, mechanisms of action, and adverse reactions of drugs used to treat the illnesses studied in PHA 227. *Prerequisite(s)/Course Notes*: Open only to students enrolled in the professional phase of the Physician Assistant Studies program. May not be taken on a Pass/Fail basis.

**PHA 235 Preventive Medicine** 2 s.h.
*SSI*: 60052: May 22-June 25; TBA, Steier
*Description*: The community perspective on health and disease is presented in this course. Issues related to health promotion, disease prevention, immunization, and public health will be examined. Students will also explore current topics related to regional, national and global health. *Prerequisite(s)/Course Notes*: Open only to students enrolled in the professional phase of the Physician Assistant Studies program. May not be taken on a Pass/Fail basis.

**PHA 250 Family Medicine Clerkship** 3 s.h.
*SSI*: 60318: June 10-July 17, TBA; Ricy
*SSI*: 70247: July 22-August 22, TBA; Ricy
*Description*: This clinical experience will focus on training students to provide care to patients of all ages in an out-patient setting, concentrating on the development of differential diagnoses and treatment plans both for patients in the first encounter with a health care facility and for those with chronic problems. Health promotion and preventive medicine are incorporated in this clerkship as well. *Prerequisite(s)/Course Notes*: Open only to students enrolled in the professional phase of the Physician Assistant Studies Program. May not be taken on a Pass/Fail basis. (Formerly Primary Care Medicine Clerkship.)

**PHA 255 Internal Medicine Clerkship** 3 s.h.
*SSI*: 60319: June 10-July 17, TBA; Ricy
*SSI*: 70248: July 22-August 22, TBA; Ricy
*Description*: This clinical experience will focus on training students in the in-hospital diagnosis and management of medical disorders in adult patients. Accurate data analysis, synthesis of pertinent clinical information, the presentation of problem-oriented patient data, indications for and interpretation of laboratory studies and competence in clinical procedures will be emphasized. *Prerequisite(s)/Course Notes*: Open only to students enrolled in the professional phase of the Physician Assistant Studies Program. May not be taken on a Pass/Fail basis.

**PHA 260 Obstetrics/Gynecology Clerkship** 3 s.h.
*SSI*: 60320: June 10-July 17, TBA; Ricy
*SSI*: 70249: July 22-August 22, TBA; Ricy
*Description*: This clinical experience will focus on training students in the in-hospital diagnosis and management of medical disorders in adult patients. Accurate data analysis, synthesis of pertinent clinical information, the presentation of problem-oriented patient data, indications for and interpretation of laboratory studies and competence in clinical procedures will be emphasized. *Prerequisite(s)/Course Notes*: Open only to students enrolled in the professional phase of the Physician Assistant Studies Program. **PHA 265 Surgery Clerkship** 3 s.h.
*SSI*: 60322: June 10-July 17, TBA; Ricy
*SSI*: 70250: July 22-August 22, TBA; Ricy
*Description*: This clinical experience will focus on training students in the care of the surgical patient in the areas of diagnosis, pre-operative care, and the operating room and post-operative experiences. While general surgery is stressed, students may have the opportunity to participate in the management of patients within some surgical subspecialties as well. *Prerequisite(s)/Course Notes*: Open only to students enrolled in the professional phase of the Physician Assistant Studies Program. May not be taken on a Pass/Fail basis.

**PHA 270 Emergency Medicine Clerkship** 3 s.h.
*SSI*: 60322: TBA; Ricy
*SSI*: 70251: July 22-August 22, TBA; Ricy
*Description*: This clinical experience will focus on training students in the management of trauma and acute medical problems in both children and adults in the Emergency Department of a hospital. The establishment of priorities while diagnosing and treating critically ill patients is emphasized, along with the mastery of techniques and procedures essential to managing trauma and life-threatening illness. *Prerequisite(s)/Course Notes*: Open only to students enrolled in the professional phase of the Physician Assistant Studies Program. May not be taken on a Pass/Fail basis.
PHYSICS (PHYS)

PHYS 001A  (NS) Elementary Physics 3 s.h.
SSI: 60119: May 22-June 25; MTWR, 9-11:50 a.m.; Garuthara, 031 Berliner
Fundamental laws and principles of mechanics, heat, sound, light, electricity and magnetism. Students must take 001B concurrently unless credit has already been received for the equivalent. Recommended for all premedical and predental students not majoring in chemistry. Prerequisite(s)/Course Notes: 1 unit high school algebra, 1 unit plane geometry. (3 hours lecture, 1 hour recitation.) No credit given for this course if taken after PHYS 011A. 1A applies toward the natural science distribution requirement only upon successful completion of the corresponding laboratory course 001B.

PHYS 001B (NS) Elementary Physics Laboratory 1 s.h.
SSI: 70061: June 27-August 1, MW, 1-4 p.m.; Ranatunga, 201 Berliner
Laboratory exercises to accompany 001A. Must be taken concurrently. Prerequisite(s)/Course Notes: PHYS 001B. No credit for this course if taken after PHYS 012B.

PHYS 011A  (NS) General Physics 4 s.h.
SSI: 60121: May 22-June 25, MTWR, 9-11:50 a.m.; Edwards, 207 Berliner
The first semester of a two-semester sequence covering the fundamental laws and principles of mechanics, heat, sound, light, electricity and magnetism, with an emphasis on mechanics and heat. Prerequisite(s)/Course Notes: Most students with AP credit for physics typically start in PHYS 014F or PHYS 012A. Students with AP credit should seek advice from the Department of Physics and Astronomy before registering. Pre- or corequisites: MATH 071. Students must take 011B concurrently unless credit has already been received for the equivalent. 11A applies toward the natural science distribution requirement only upon successful completion of the corresponding laboratory course 011B.

PHYS 011B  (NS) General Physics Laboratory 1 s.h.
SSI: 60122: May 22-June 25, TR, 1-4 p.m.; Zaharakis, 204 Berliner
Laboratory exercises to accompany 011A. Must be taken concurrently. Prerequisite(s)/Course Notes: Credit given for this course or PHYS 011B, but not both.

PHYS 012A  (NS) General Physics 4 s.h.
SSI: 70062: June 27-August 1, MTWR, 9-11:50 a.m.; Baver, 207 Berliner
The second semester of a two-semester sequence covering the fundamental laws and principles of mechanics, heat, sound, light, electricity and magnetism, with an emphasis on sound, light, electricity and magnetism. Prerequisite(s)/Course Notes: Most students with AP credit for physics typically start in PHYS 014F or PHYS 12A. Students with AP credit should seek advice from the Department of Physics and Astronomy before registering. Prerequisite: PHYS 011A, MATH 071. Pre- or corequisites: MATH 072. Engineering students are exempt from taking 012B, with approval of adviser. Students must take 012B concurrently unless credit has already been received for the equivalent. 12A applies toward the natural science distribution requirement only upon successful completion of the corresponding laboratory course 012B.

PHYS 012B  (NS) General Physics Laboratory 1 s.h.
SSI: 70063: June 27-August 1, TR, 1-4 p.m.; Baver, 204 Berliner
Laboratory exercises to accompany 012A. Must be taken concurrently. Prerequisite(s)/Course Notes: Corequisite: PHYS 012A.

POLITICAL SCIENCE (PSC)

PSC 001  (BH) American Politics 3-4 s.h.
SSI: 60123: May 22-June 25; Distance Learning; Himelfarb; 3 s.h.
SSI: 70064: June 27-August 1; Distance Learning; Himelfarb; 3 s.h.
Analysis of ideas, institutions and processes of the system with frequent focus on current controversies. Prerequisite(s)/Course Notes: Credit given for this course or New College SPSG 2, not both.

PSC 002  (BH) Comparative Politics 3 s.h.
SSI: 60124: May 22-June 25; Distance Learning; Nanes
SSI: 80051: August 5-23, Distance Learning; Dudek
This course introduces students to the major concepts and issues in comparative politics, using a variety of case studies from different regions of the world. Topics examined include: political institutions, political culture, and political participation. Issues relating to regime types, political economy, and political development will also be examined.

PSC 120  (BH) Law and Politics: Judicial Process 3 s.h.
SSI: 60125: May 22-June 19, MTWR, 10:45 a.m.-1:10 p.m.; Weiden, 201 Barnard

SSI:  70266: June 27-August 1; Distance Learning, Valenti  
The central goal of this course is to provide a general introduction to the field of psychology. Students will learn how to reason about human behavior, how to think critically about science, and how to apply psychological theory and findings to everyday problems and issues. Topics covered will include psychological methods, biological bases of behavior, sensation and perception, learning, memory, personality, psychopathology, and social behavior. Prerequisite(s)/Course Notes: Prerequisite for all other psychology courses except PSY 7, 25 and 27. Credit given for this course or New College SPG1, not both. Four-s.h. sections open only to first-year students enrolled in the FYC program.

PSY 011  Behavior Modification 3 s.h.  
SSI:  70065: June 27-August 1; Distance Learning, Pineno  
Major principles of behavior modification through the application of reinforcement and token economies, techniques of self-control, desensitization, relaxation and biofeedback will be studied. Prerequisite(s)/Course Notes: PSY 001 or 001A. (Formerly PSY 111.)

PSY 033  Industrial Psychology 3 s.h.  
SSI:  60127: May 22-June 25; Distance Learning, Shapiro  
Study of psychological principles and methods, and their application to personnel testing, interviewing, selection, training and development, and performance appraisal. Prerequisite(s)/Course Notes: PSY 001 or 001A. Credit given for this course or New College SPG 19, not both.

PSY 034  Organizational Psychology 3 s.h.  
SSI:  70066: June 27-August 1; Distance Learning, Shapiro  
Study of psychological principles and methods, and their application to work motivation, job satisfaction, leadership, communication, job design, and organizational development. Prerequisite(s)/Course Notes: PSY 001 or 001A.

PSY 039  Abnormal Psychology 3 s.h.  
SSI:  60128: May 22-June 25; Distance Learning, Serper  
The description, etiology, course, and treatment of psychological disorders. Prerequisite(s)/Course Notes: PSY 001 or 001A. Credit given for this course or New College SPG 014, not both.

PSY 040  Statistics 4 s.h.  
SSI:  60129: May 22-June 25; MTWR, 9:45 a.m.-Noon; Dill, 216 McEwen  
SSI:  70067: June 27-August 1; MTWR, 9:45 a.m.-Noon; Shafritz, 216 McEwen  
Topics include the role of statistics in the scientific method, descriptive statistics, z scores and the standard normal distribution, sampling distributions and statistical inference, hypothesis testing, the t distribution, simple and factorial analysis of variance, correlation and regression, and nonparametric statistics. (3 hours lecture, 3 hours laboratory.) Prerequisite(s)/Course Notes: PSY 001 or 001A and one of the following courses: MATH 008, 040, 045, 050, 061, 061A or 071. Credit given for this course or SOC 180.

PSY 053  Child Development 3 s.h.  
SSI:  60131: May 22-June 25; Distance Learning, Masnick  
Development of human behavior from the prenatal period through childhood. Prerequisite(s)/Course Notes: PSY 001 or 001A.

SSI:  60132: May 22-June 19; MTWR, 10:45 a.m.-1:10 p.m.; Scardapane; TBA  
Development of behavior from adolescence through maturity. Prerequisite(s)/Course Notes: PSY 001 or 001A.
course offerings

PSY 258A Social Psychology and the School System 3 s.h.
SSI: 60335: May 22-June 25; MW, 4-7 p.m.; Meller, 201 Lowe
This course explores the roles of school and community psychologists as consultants, direct service providers and change agents within educational settings. Organizational structures (such as school boards, parent-teacher organizations, administrator and faculty committees, etc.) that pertain to the school system are examined and evaluated as contexts for service delivery by psychologists. Prerequisite(s)/Course Notes: Open only to matriculated students in a doctoral program in psychology.

PSY 382 Research in Industrial/Organizational Psychology 3 s.h.
SSI: 60138: May 22-June 25; TR, 4-7 p.m.; Shapiro; TBA
Participation in ongoing laboratory or field research in industrial/organizational psychology, individually supervised by members of the program faculty. Prerequisite(s)/Course Notes: PSY 302. May be taken a maximum of four times. Open only to matriculated students in a graduate psychology program.

PSY 429 Clinical Seminar in Marital and Family Therapies 3 s.h.
SSI: 60139: May 22-June 25; TR, 3:30-6:30 p.m.; Miller, 201 C.V. Starr
This course introduces advanced doctoral candidates in the Clinical and School Psychology Programs to the concepts, principles and issues associated with marital and family therapy. Both communication disorders and behavioral problems in the context of marriage and the family will be emphasized. The lecture will be accompanied by supervised assignment to therapist team pairs to work with families in which one or more members have been identified as dysfunctional. Prerequisite(s)/Course Notes: Open only to matriculated students in the clinical psychology doctoral program or permission of the instructor. Course may be repeated for credit when topics vary. (Formerly PSY 329, Marital and Family Therapies.)

PSY 601 Dissertation Seminar 3 s.h.
SSI: 60140: May 22-June 25; TR, 1-4 p.m.; Metlay; TBA
Exploration of dissertation topics and examination of related research. Credit for the course requires the development and design of a specific dissertation outline and the written agreement by a faculty member to sponsor the dissertation. Prerequisite(s)/Course Notes: Open only to matriculated students in a doctoral program in psychology.

PUBLIC RELATIONS (PR)

PR 100 Fundamentals of Public Relations 3 s.h.
SSI: 60332: May 22-June 25; TWR, 2:30-5:40 p.m.; Morosoff, 306 Dempster
Focusing on public information from two viewpoints—the communicator’s and the receiver’s—this course explores the dissemination of public information and its effect on contemporary culture. Lectures, discussions, and practical projects provide, from social and ethical perspectives, firsthand experience in the analysis of public information and media employed. Seminar-workshop includes student evaluation of case studies and guest lectures. Outside community research and reporting time is required. Prerequisite(s)/Course Notes: WSC 001 and WSC 002.

PR 101 Public Relations Research Methods and Case Studies 3 s.h.
SSI: 70141: June 27-August 1; Distance Learning; Semple
Research is a fundamental part of the public relations process and functions as the foundation to every program or campaign. This course explains how research is developed, analyzed and interpreted to aid in the establishment of effective PR campaigns that can influence the public and motivate behavior. This course is devoted to learning about the different practice areas of public relations. By reviewing case studies and articles students learn how PR practitioners benefit from including research into the communications process. Students learn from the successes and failures described in each case study. Through critical analysis of existing campaigns students develop an understanding of the planning and implementation of public relations activities. Prerequisite(s)/Course Notes: PR 100. No liberal arts credit. May not be taken on a Pass/D/Fail basis. Students required to take PR 102 and/or PR 104 toward their major in Public Relations are restricted from taking this course.

PR 103 Copywriting 3 s.h.
SSI: 70142: Study Abroad; see page x.
This course is designed to advance writing skills toward the completion of a media kit and its components. The course emphasizes writing skills, news judgment, ethical decision making and sound communication principles. Through reading and writing assignments and class discussions, students examine several public relations copywriting tools and will work independently and in groups to research, decision and develop their own samples of these tools. Prerequisite(s)/Course Notes: PR 100. May not be taken on a Pass/D/Fail basis.

RADIO, TELEVISION, FILM (RTVF)

RTVF 001 Foundations of Radio, Television, Film, and New Media 3 s.h.
SSI: 60208: May 23-June 26, TWR, 1:30-4:30 p.m.; Murillo; 117 Dempster
This interdisciplinary course is designed to increase the student's understanding of how radio, television, film, and new media communicate ideas. Through a study of perceptual principles, graphic design, photography, radio and sound, film, television, and the Web, students explore the underlying forms and processes of media. The development of a critical vocabulary and an analytical perspective, and the opportunity to create various media projects provide students with the background to pursue further studies in mediated communication. Prerequisite(s)/Course Notes: (Formerly Sound and Image Aesthetics.)

RTVF 010 (AA) Introduction to Film and Television Study 3 s.h.
SSI: 60209: May 23-June 26, MTW, 11 a.m.-3 p.m.; Hill; 211 Brelin
The basic language of filmic expression and the methodologies of film study, including their influence on television and video, are introduced through analysis of films and television programs. Emphasis is on ways of looking at films and television, the major concepts of theory, the various forms of film and television, and the techniques that determine visual styles.

RTVF 025 Introduction to Digital Media 3 s.h.
SSI: 80065: August 5-23, Distance Learning; Cohen
Introduction to digital media theory, creation and application. Studies include repurposing and manipulating aural and visual materials, digital compression and fundamental online distribution. Utilizing the HTVinteractive Web site as a distributive framework and using their own original video content, television students will work together and independently to develop and critique individual online projects. Prerequisite(s)/Course Notes: RTVF 001 one of the following: RTVF 024, 026 or 047. Lab fees additional. No liberal arts credit. May not be taken on a Pass/D+/D/Fail basis.

RTVF 043 Radio Station Imaging and Production 3 s.h.
SSI: 60210: May 23-June 26, MTW, 3:45-5:55 p.m.; Muller; 117 Dempster
This course focuses on the theories and practices of radio station imaging and production. “Station imaging” and “creative enhancement” are general terms used to describe the elements produced internally by a radio station to promote and/or market itself. Imaging is both an internal promotional approach, and an external marketing strategy, that refers to how a broadcaster positions its radio station within the marketplace. Through classroom lectures, practical studio production work, and a broad array of assignments and readings, students will become familiar with the technical terms and strategic practices associated with radio station imaging. Students will gain the skills necessary to create radio “sweepers,” music menus, and “promos” for shows, special events, and contests. The course is designed to give students a critical appreciation for how audio elements create a particular effect, and to understand how writing and editing play a role in shaping perceptions of the listener. Other topics include copyright restrictions, acquiring music and sound effects for productions, and developing image campaigns. Students will produce all of the projects on advanced digital production software. Prerequisite(s)/Course Notes: RTVF 021 or by permission of department. No liberal arts credit. Lab fees additional. May not be taken on a Pass/D+/D/Fail basis.

RTVF 065 Television Production Practicum: International Media Production 1-3 s.h.
SSI: 70138: Study Abroad, 3 s.h.; see page x.
Students will study the myriad challenges and opportunities associated with overseas television, film, and digital media production. Examination of and field visits to major communication organizations in the host country will provide in-depth awareness of history and current practices outside the familiar domestic industry. In the process of producing individual and/or group videos, students will gain experience interacting with international constituencies and learn how to deal with the added complexities of global production. Students from any program of Hofstra’s RTVF Department are encouraged to enroll. Prerequisite(s)/Course Notes: Intensive examination of modern media and television practices. Topics reflect current and emerging industry issues, roles or technologies. Course may be taken a number of times as long as there is a different letter designation each time it is taken. Admission to class by permission of department. No liberal arts credit. Lab fees additional.

RTVF 107 Cinematography and Lighting for Film 3 s.h.
SSI: 60211: May 23-June 26, TWR, 5-8 p.m.; Nicholas; 114 Dempster
This course combines the theoretical and practical elements of cinematography and lighting. While learning the techniques of studio and location lighting, students will also study historical and contemporary trends and styles. Students learn how to visualize the script and light for the actors. Film emulsions, exposure, filters, camera placement, composition, movement, and continuity will be covered. Emphasis is placed on the importance of light to telling a story. Practical tests and scenes are shot on 16mm film stocks. Prerequisite(s)/Course Notes: RTVF 27. Admission to class by permission of department. Lab fee additional. No liberal arts credit. May not be taken on a Pass/D+/D/Fail basis.

RTVF 110 Introduction to Screenwriting 3 s.h.
SSI: 60212: May 23-June 26, Distance Learning; Jennings
This course introduces students to the basic principles of telling stories for the screen with an emphasis on concept development and the crafting of original ideas, as well as the structural foundations of premise, character and plot. Students will learn formatting, treatment writing, and become familiar with industry-standard scriptwriting programs. The course will culminate in the completion of a polished short screenplay. Prerequisite(s)/Course Notes: RTVF 010. Admission to class by permission of department. (Formerly Film and Television Writing: Theory and Application.)

RELIGION (RELI)

RELI 019 (CC) Introduction to Buddhism 3 s.h.
SSI: 60141: May 22-June 23, Distance Learning; Endo
This course is an introduction to the wide range of Buddhist ideas and practices that have developed within the diverse regions of Asia, with focus on southern Asia. This course will also introduce students to the various Buddhist literary and artistic expressions. The course covers a wide range of Buddhist traditions (Theravada, Mahayana, Vajrayana), as well as a discussion of Buddhism’s transfer from Asia to the West.
RESEARCH (RES)

RES 280A Introduction to Educational Research 3 s.h.
SSII: 70016: June 27-August 1, MW, 4:30-7 p.m.; Rose, 040 Hagedorn

Introduction

Hofstra’s summer sessions attract more than 5,000 students and provide up to 18 semester hours of college course study. The information provided in this Bulletin pertains to the Frank G. Zarb School of Business, Hofstra College of Liberal Arts and Sciences, School of Communication, School of Education, School of Health Sciences and Human Services, and the School of Engineering and Applied Science. For information on the summer programs offered by the School of Law, call 516-463-5917, or write: Admission Office, School of Law, Hofstra University, Hempstead, NY 11549.

The summer session program is part of the regular degree program of Hofstra University. Most classes are organized on a one-semester basis and are equivalent in method, content and credit to courses offered by the University during the regular academic year. Credits obtained in these courses may be applied toward the appropriate degrees conferred by the University and are generally accepted as transfer credits by other colleges and universities.

Undergraduate and graduate degree programs are offered during the day, in the late afternoon and in the evening. Both liberal arts courses and courses to increase competence in business, industrial and professional careers are available. Courses designed to provide special training for teachers and other groups are also offered.

While the course offerings are primarily designed to provide the opportunity for regularly enrolled students to accelerate their degree programs, special students and students from other colleges are welcome to register for all courses for which they are qualified.

Obtaining Admission Information

Students interested in pursuing an undergraduate degree at Hofstra University are encouraged to attend an admission information session and tour our beautiful 240-acre campus. To schedule a tour and learn more visit hofstra.edu or call 1-800-HOFSTRA.

Students interested in pursuing a graduate degree at Hofstra University should call the Office of Graduate Admissions to schedule an admissions consultation with the dean (1-866-GRAD-HOF).

Admission

Students who may attend a summer session include:

- Admitted or continuing students in good standing;
- Visiting undergraduate students from other colleges or universities for a summer session only, provided they are in good standing at their college;
- High school students who have completed their junior year; and
- Nonmatriculated graduate students.

Undergraduate students from other institutions wishing to enroll in a January session course on a nonmatriculated (visiting) basis must submit a Visiting Student Application, available at hofstra.edu/apply, along with an official letter verifying good academic standing and a $50 application fee to the Office of Undergraduate Admission. New nonmatriculated graduate students must contact the Office of Graduate Admissions, show proof of a baccalaureate degree, and complete a Graduate Nonmatriculated Application Form (not applicable to business students).

Visiting undergraduate students must apply by visiting the Office of Undergraduate Admission (Berbon Hall, 516-463-6700). Visiting students who intend to transfer Hofstra course credit back to their home schools are encouraged to discuss their plans with an academic adviser at their home school prior to enrolling. A total of 12 credits can be earned as a visiting student while attending Hofstra. Additional credits may be taken upon approval from the director of Admission. Students can enroll in consecutive terms as a visiting student until the 12 credit limit is reached without reapplying through the Office of Admission.

High school students who have completed their junior year may attend summer sessions at Hofstra University as a visiting student. Students may register for certain introductory courses for which all prerequisites have been met. It is strongly recommended that high school students discuss their plans in advance with their guidance counselors. High school students apply through the Office of Undergraduate Admission (Berbon Hall, 516-463-6700).

Students who attend summer sessions as visiting undergraduate students and wish to be considered for admission for the fall or spring semester must apply to Hofstra through the Office of Admission.

New fall semester undergraduate first-year and transfer students may begin their studies in the summer as visiting students. Accordingly, they must first contact the Office of Admission (Berbon Hall, 516-463-6700). Once admitted for the summer, students should set up an appointment with the Center for University Advisement (101 Memorial Hall, 107 Mack Student Center, 516-463-6770 or 516-463-7222) to discuss their course selection for the summer. After meeting with the Center for University Advisement, registration takes place through the Office of the Registrar (Memorial Hall, second floor, 516-463-8000).

Nonmatriculated graduate students may enroll in summer courses with advisement from an appropriate faculty member. The nonmatriculated admission process must be initiated at the Office of Graduate Admissions (105 Memorial Hall, South Campus). Students must complete a Graduate Nonmatriculated Application (with application fee of $60) and show proof of baccalaureate degree. A maximum of 12 credits is permitted as a non-matriculant.

Notes

Please note that most graduate courses in the Psychology Department are open only to matriculated graduate students in psychology. Please see the course description section for specific courses that may be available to non-psychology graduate students over the summer. Nonmatriculated graduate students are not permitted to register for any Zarb School of Business graduate courses.

Admission to summer sessions is independent of admission for the fall and spring semesters. Registration in summer session courses does not constitute official acceptance to Hofstra. Students who wish to matriculate into a degree program must apply for admission to the University. Applications may be obtained from the Office of Undergraduate Admission by calling 516-463-6700 or from the Office of Graduate Admissions by calling 516-463-4723.

For office hours, call the Office of Undergraduate Admission (1-800-HOFSTRA) or the Office of Graduate Admissions (1-866-GRADHOF).
Registration

Early registration may ensure placement in the classes you select. Since some classes do fill early, we strongly recommend that you register as soon as possible.

Undergraduate students may register for a maximum of seven semester hours per session or a total of 14 semester hours during Summer Sessions I and II, three or four credits for Summer Session III. Graduate students may enroll in no more than two courses in Summer Session I and Summer Session II, and no more than one course in Summer Session III.

Continuing Students

If you attended Hofstra during the spring 2013 semester or have been approved for an academic leave for the term, you may register online beginning February 25, 2013. Please use the Hofstra Online registration system which can be reached through the portal at My.Hofstra.edu.

Former Students

Those students who attended Hofstra prior to the spring 2013 semester may register in advance. You may access the Summer Bulletin online at bulletin.hofstra.edu.

Visiting Undergraduate Students

Students enrolled at an accredited college or university wishing to attend Hofstra during any session are required to submit written documentation from their home institution confirming their academic good standing, their eligibility to continue classes at their home institution, that there are no pending disciplinary proceedings against them and that they have not been convicted of any felony or misdemeanor charges and there are currently no pending criminal charges against them. Students visiting Hofstra accept full responsibility for University tuition, fees and other applicable charges in effect at Hofstra for the session or semester of attendance. Visiting undergraduate students shall not be permitted to enroll in graduate courses at Hofstra. All visiting students must be accepted through the Office of Admission.

Transfer of Credits to Home Institutions

College students planning to use course work at Hofstra to meet home-school degree requirements are strongly recommended to consult, in advance, their college for approval of transfer credit (written approval is advisable). Each institution sets its own rules for acceptance of transfer credit. Transcripts may be ordered through Hofstra Online.

At the end of the summer session (not before the last week), you may request a transcript of your scholastic record be sent to your home institution. There is no fee for transcripts ordered online via the Hofstra portal; $5 per transcript is charged for transcripts ordered via paper form. A student in good standing may receive a transcript required by the Armed Forces without charge. Students may also request copies of course descriptions at $3/page. All requests are processed through the Office of Academic Records/Registrar upon written request and payment of the appropriate fee. No transcript will be issued for a student who is in arrears. Transcripts are processed in the order in which requests are received. During peak periods, you should expect a one- to two-week delay.

Walk-in Registration

You may bring registration forms with payment directly to the Student Financial Services and Registrar Suite, 206 Memorial Hall, Monday and Thursday, 9 a.m.-7 p.m.; Tuesday, Wednesday and Friday, 9 a.m.-5 p.m. Beginning May 20, 2013, the Student Financial Services and Registrar Suite is open Monday, 9 a.m.-7 p.m.; Tuesday, Wednesday, and Thursday, 9 a.m.-5 p.m. and Friday, 9 a.m.-4 p.m. For up-to-date walk-in hours, please visit hofstra.edu/sfcalendar.

Summer Enrollment Services Days

In Memorial Hall, all students may register at the regular registration periods as follows:

- **Session I:** Monday, May 20, 2013
- **Session II:** Wednesday, June 26, 2013
- **Session III:** Thursday, August 1, 2013

Registration begins in the Student Financial Services and Registrar Suite, Memorial Hall, Room 206. Registration must be completed prior to the date of the first class meeting.

Change of Address

Students must report a change of home or local address to the Office of Academic Records/Registrar immediately on a special form provided by that office. Change of address can also be processed through Hofstra Online at My.Hofstra.edu.

Candidates for Graduation

Hofstra students who plan to complete graduation requirements during the summer must file an application for August graduation at the Office of Academic Records/Registrar. Undergraduates must file no later than March 1. Graduates must file no later than June 15 if their last class is in Summer Session I, July 15 if their last class is in Summer Session II, and August 15 if their last class is in Summer Session III. Late applications for graduation are subject to a late fee. All courses to be applied toward the degree must be completed by the last day of classes.

Veterans

Veterans and dependents of deceased or disabled veterans, and active duty personnel drawing veterans educational benefits should visit the Veterans’ Representative in the Student Financial Services Suite, Memorial Hall, Room 206, or call 516-463-8000, several months before the semester begins.
Service Member Readmission

Hofstra University is sensitive to the fact that our students may leave the University or postpone an offer of admission in order to perform military service, and encourages those students to resume their education once that service has ended.

**Before You Leave:**

Qualified students who seek to take a leave of absence to perform military service should give notice of service to the Office of Student Financial Services and Registrar as far in advance as is reasonable under the circumstances, unless military necessity prevents advance notice. If advance notice is not provided, students must provide verification that they performed military service upon returning to the University.

**When You Are Ready to Return**

When students wish to be readmitted, they should give notice of their intent to return to the Office of Admission. Veterans will be entitled to be readmitted and will be readmitted with the same academic status as when they last attended so long as:

1. There is no disqualifying event, such as a dishonorable or bad conduct discharge;
2. The cumulative length of absence and all previous absences for military service (service time only) does not exceed the established time period for such leave (generally 5 years); and
3. The student notifies the University of his or her intent to return within 3 years from the completion of the period of service, or, if recovering from a service-related illness or injury, no later than 2 years after the recovery.

The University is committed to assist those service members seeking readmission. When necessary, and as determined on a case by case basis, the University will offer appropriate academic services, free of charge, to help students become prepared to resume their studies with the same academic status where they left off or to help the student be prepared to complete the program.

Auditing Policy

The privilege of auditing courses is not available to students currently enrolled at Hofstra or at other institutions of higher education. Additionally, students admitted to professional schools may not audit Hofstra courses in preparation for enrollment at those institutions. Auditing of undergraduate courses is made available to individuals not enrolled in any institution of higher education as a service to enrich their knowledge in a particular area, upon payment of 50 percent of the regular part-time undergraduate tuition. You do have the option of converting the courses from a noncredit to credit basis within the first week of the summer session. Permission of the instructor, payment of adjusted tuition and fees and meeting all University admissions conditions are required prior to such conversions. For admission to undergraduate courses apply at the Center for University Advisement, Memorial Hall, Room 101, or call 516-463-6770. It is not the policy to permit either Hofstra or non-Hofstra students to audit graduate courses.

Changes of Program or Withdrawal

Students may use Hofstra Online to make changes to their schedule through the first day of class. The dates to withdraw from a summer session course without instructor’s approval vary; see page 63. After these dates and prior to the last day of classes, instructor’s permission is required.

You may withdraw completely from your summer session at any time prior to the last day of classes. See the academic calendar on page 63 for deadlines. To do so, you must complete a withdrawal form online under the registration menu on Hofstra Online. Any student withdrawing without official notification may not have a remission of tuition.

Advisement

All students attending classes who wish to confer with their faculty advisers or instructors may make appointments in the department office.

For detailed information on Advisement, see page 65.
Tuition and other fees are payable as specified in the following schedule. Checks and money orders are to be made payable to Hofstra University for the exact amount of the tuition and fee payment and in U.S. dollars. The privileges of the University are not available until you have completed your registration. No registration can be accepted for a student whose account remains unpaid for a prior semester. Hofstra University reserves the right to alter this schedule of charges without notice.

The Student Financial Services and Registrar Suite on the second floor of Memorial Hall houses the Office of the Bursar, the Office of Academic Records/Registrar and the Office of Financial Aid.

Refund Deadlines and Rules

Students enrolled in a course that is canceled by the University will be credited full tuition and applicable fees. The number of classes attended has no bearing on the amount of refund given.

Please be aware that you are responsible to formally notify the University of any plans to drop or withdraw from courses and will be held responsible for all billings regardless of class attendance. Note: Non-attendance of classes does not constitute an official withdrawal, and does not relieve the student of his or her financial obligation, or entitle the student to a refund.

Refunds will be calculated on the basis of the date of application for withdrawal or reduction in total semester hours due to program change. All tuition-related fees are nonrefundable except in cases where the University has canceled a student’s course(s).

Please contact the Office of Student Financial Services for more information.

Senior Citizen Tuition Discount

To encourage their participation and extend the benefits of its community service program, Hofstra offers a 50-percent tuition discount for senior citizens registered in credit courses on campus. To be eligible for this discount, a registrant must be at least 60 years of age. The age qualification is to be verified at registration. All students must pay applicable fees.

Financial Aid

Loans are available to eligible students for the summer attending at least half-time. Some alternative loan programs are also available. Pell grants may be available to students graduating in August or December 2013. Contact the Office of Student Financial Services for more information.
Not all courses conform to the standard session dates. Please see individual courses for exact dates. Subject to change. Hofstra University has developed a number of different session formats to give students flexibility in their registration options. Students may choose from four-, five- and six-week courses during both the first and second summer session. Generally, Hofstra summer sessions fall into the schedule listed to the left; relevant dates are mentioned in the course listings.

** NOTE: Unregistered students who remain in courses will not be allowed to register after this deadline and will forfeit any credits/grades that they feel they are entitled to by virtue of attending the courses in question.

The academic regulations in effect during the 2013 Summer Sessions are those recorded in the 2012-2013 Undergraduate and Graduate Studies Bulletins.
Residence Hall Accommodations

Students registering for summer session classes can live on-campus in Alliance Hall. This is a traditional residence hall, recently renovated to enhance this high-rise environment. A newly renovated kitchen on the 12th floor will prove to be an ideal place to prepare or share a meal with members of the Alliance Hall community, with a view overlooking Hofstra's campus and surrounding community. All rooms in Alliance Hall have new state-of-the-art furniture to maximize your comfort while residing on campus. The building is staffed 24 hours a day by resident security representatives and RAs are on duty each evening from 6 p.m. to 8 a.m. the following morning. Rooms are furnished with a bed, mattress, desk, desk chair, desk light, and wardrobe/closet. Residence hall accommodations also include access to Hofstra's computer network, cable, and local telephone access. Alliance is air-conditioned to ensure your comfort while residing on campus this summer.

Applying for Housing

The application for summer housing will be available as of March 1, 2013. To apply for on-campus housing, please visit the Office of Residential Programs website at hofstra.edu/reslife for detailed instructions on accessing the summer housing application and payment information. Assignments are made on a date-received basis with priority given to students enrolled in classes, returning Hofstra resident students and those students required to reside on campus. (Roommate requests are considered only when both applications are sent together.) Housing may be available for visiting students.

Notification of Housing Assignment

Assignments will be made in early May and will continue until all beds are filled. Students will be contacted by telephone with their summer assignments.

Summer Session Housing Policies

Summer residents are subject to all Residential Programs policies and procedures that are in effect during the regular academic year.

Summer Storage

Storage space is not available on campus for the summer housing period. Information about local storage companies is available through the Office of Residential Programs.

Renters Insurance

All residents are encouraged to purchase renters insurance to ensure the safety of their belongings.

Dining Plans

Several dining plans are available to all summer students, but the purchase of a dining plan is not mandatory. Meals are also available on a cash basis at the Mack Student Center and other campus restaurants. Students desiring a dining plan may make these arrangements through the Office of Residential Programs.

Additional Information

For additional information, please contact the Office of Residential Programs (244 Mack Student Center, 200 Hofstra University, Hempstead, NY, 11549-2000) at 516-463-6930 or Reslife@hofstra.edu. Our staff are happy to assist you with your summer housing accommodations.
Center for University Advisement

Hofstra recognizes the role of academic advising as a critical component of an undergraduate education. Students have the ultimate responsibility of satisfying the entire sequence of courses required for their degrees, but the process is enhanced by careful and informed discussions with the appropriate professionals who work in partnership with the students.

Under the Division of Student Affairs, the Center for University Advisement supports Hofstra undergraduate students in the pursuit of their educational goals by assisting them in making informed academic decisions. The Center for University Advisement provides general academic advisement to current and prospective undergraduate students, both full- and part-time, from admission through graduation. All undergraduate students are assigned a dean in University Advisement to serve as their general academic adviser throughout their time at Hofstra. In addition, when students declare a major, they will also work closely with a faculty adviser in their academic department for all concerns related to the major. Hofstra students who are continuing their studies during the summer may speak with their advisement dean in Memorial Hall, Room 101 or the Student Center, Room 107. Advisement deans will address non-major specific academic questions or concerns students may have about academic program planning, degree progress, academic policies, procedures and deadlines. For major-specific questions in these areas, students should meet with their faculty adviser in their major department.

Visiting students may meet with an advisement dean to discuss any question or concerns about their course selection for the Hofstra summer session. Students are responsible for consulting with their college or university for approval of transfer credits to meet home school degree requirements.

During the fall and spring semesters, the Center for University Advisement is open Monday and Thursday from 8 a.m. to 7 p.m. and Tuesday, Wednesday and Friday from 8 a.m. to 5 p.m. During the summer, beginning May 17, hours are Monday, Tuesday and Wednesday from 8 a.m. to 5 p.m., and Friday from 8 a.m. to 4 p.m. Deans in University Advisement are available during the summer on an appointment-only basis. Students with quick five-minute questions can come during drop-in hours: Monday through Friday 8 to 9 a.m. and Monday to Thursday 3:30 to 4:30 p.m. For further information or to set up an appointment students can call University Advisement at 516-463-6770/516-463-7222 or email Advisement@hofstra.edu.

Continuing Education students, once admitted to one of the certificate programs in accounting, finance, general management, human resources management, international business, labor studies, marketing, information technology, or the post-baccalaureate premedical program, should go to the academic department administering of their certificate program for advisement questions or concerns.

Libraries

Hofstra University Libraries’ collections are housed in five locations on campus. The Joan and Donald E. Axinn Library on the south campus, our main library, houses circulating book and journal collections, the Harold E. Yuker Reference Library, the John W. Wydler Government Document Depository, and Special Collections. The Hofstra Law Library is located in the Seryl and Charles Kushner Hall of the Maurice A. Deane School of Law. The Health Sciences Library is located in the Hofstra North Shore – LIJ School of Medicine at Hofstra University. The Curriculum Materials Center is located in Hagedorn Hall, and the Film and Media Library is in Memorial Hall. The University Libraries’ collections include approximately 1.2 million print volumes and extensive online resources and non-print media.

The Joan and Donald E. Axinn Library: The main 11-story library building located at the south end of the Unispan across Hempstead Turnpike, houses the circulating book collection (floors 3-8), the Harold E. Yuker Reference Library on the main floor, the Periodicals Reading Room on the ground level, and Special Collections and Archives, also on the ground level. There are small group study rooms on floors 4-8 which can be reserved at the Circulation Desk on the main floor. Carrels for private study are available in the Reference Reading room on the main floor, group study areas are available on the main floor and ground level. Two student lounges and areas for group study are available on the second floor and on the ground level, and the ground level lounge includes an open-access reading collection and an art gallery for student work. The main floor contains a café, and there is a computer lab and a 24-hour study area across the east lobby on the main floor. The library contains approximately 1 million volumes. Access to online information databases is available throughout the library via a wireless network and wired workstations, and more than 150 databases and 53,000 journals are available online. The Axinn Library houses these additional collections:

The Harold E. Yuker Reference Library: Located within the Joan and Donald E. Axinn Library is a comprehensive reference collection of more than 40,000 volumes in a quiet, setting with individual lighted carrels. Additional electronic resources are available through remote access at any time, from any location. In addition to full-service stationary computers, the Yuker Reference Library is fully Wi-Fi, and provides electrical plug-ins for laptops, comfortable seating and study tables. Services include in-person telephone and electronic reference services (including instruction on the use of specific databases), interlibrary loan services and document delivery. Reference and collection development faculty also provide information literacy instruction through a variety of assignment-based classes and credit-bearing courses.

The John W. Wydler Government Documents Depository provides access to a wide variety of electronic government information.

Special Collections: Located on the lower level of Axinn Library is three separate divisions with their own print and manuscript collections. All these materials are available to faculty, students and the general public for use within the library and have separate finding aids and shelf lists:

Long Island Studies Institute: Houses significant collections for the study of Long Island’s history from before the American Revolution to the present, including books, periodicals, photographs, newspapers, maps, census records and archival collections.

Rare Books and Manuscripts: Collections include the art and history of the book, the history and teaching of reading, the rise of Nazi propaganda in Germany, the Weingrow Dada and Surrealist Collection as well as the Avant-Garde Art, Poetry and Literature Collection, examples of rare books from different centuries and a variety or private presses.

University Archives: Maintains the historical non-circulating records of Hofstra University, including materials documenting various events on campus, official publications, newsletters and bulletins, audio and video tapes, photographs, and papers of selected members of the Hofstra community.
selected resources

The Hofstra Law Library: The Hofstra Law Library contains more than 592,000 volumes and provides online access to a variety of research databases via a wireless network.

The Hofstra Electronic Library provides 24/7 online access from campus or home to 150 databases, 53,000 full-text journals, and 70,000 electronic books via the Internet. Among the online databases available are: Academic Search Premier, ARTstor, Business Source Premier, Communication and Mass Media Complete, Congressional Universe: Congressional Hearings Digital Collection and U.S. Serial Set Digital Collection, Early English Books Online (EEBO), Education Full Text, Factiva, Film Literature Index, GeoRef, Grove Music Online, JSTOR, LexisNexis Academic, Naxos Music Library, New York Times Historical, PsycINFO, Women and Social Movements in the United States, WorldCat, and many others. All electronic resources can be accessed through the University Libraries Web page (hofstra.edu/Libraries).

The Health Sciences Library: Located on the second floor of the Hofstra North Shore-LIJ School of Medicine, this library provides access to more than 35,000 current online journals, more than 1,100 online books, 33 databases specific to the health sciences, and a curriculum focused print book collection. The library is open 24/7 for use by medical school students, faculty, and staff. The space includes study carrels, individual study rooms, computer workstations, and areas for collaborative learning.

The Curriculum Materials Center, located on the lower level of Hagedorn Hall, is geared toward the needs of students and faculty in Hofstra’s School of Education. The collection consists of both print and non-print items. Print materials include curriculum guides, textbooks, professional books, children’s and young adult literature, periodicals and master’s theses in teaching math, science and technology. Non-print items include software, videocassettes, DVDs, and a variety of games, kits, puppets and manipulatives. The collection covers pre-kindergarten through grade 12 in every subject area as well as materials related to special education and counseling. Most materials are interfiled regardless of format and arranged on open stacks to provide both ready access and the ability to browse in a particular subject area.

The Film and Media Library in Memorial Hall provides faculty and students with video content supporting classroom instruction and student projects. The collection of approximately 10,000 non-print items (mainly VHS’ and DVDs) can be searched through LEXICAT. An additional 10,000 titles are available online in streaming format; these are also included in LEXICAT. In-house facilities for use of these materials include individual carrels and small-group rooms equipped for use of all formats represented in the collection.

Joan & Arnold Saltzman Community Services Center

The Joan and Arnold Saltzman Community Services Center provides a multifaceted program of social services which consists of two independent, but complementary components:

The Diane Lindner-Goldberg Child Care Institute serves children from eight weeks to five years of age. In cooperation with the School of Education and other academic departments, the program offers a nurturing curriculum for young children. The Institute is open to all members of the Hofstra family as well as to the general community, Monday through Friday, 7:30 a.m. to 5:30 p.m. While the program is predominately full time, there are a few part-time slots available for Hofstra students, staff and faculty. For an application or additional information, call 516-463-5194.

The Clinical Services Division is comprised of four specialized clinics and institutes:

- Marriage and Family Therapy Clinic, 516-463-5234
- Reading/ Writing Learning Clinic, 516-463-5804
- Speech-Language-Hearing Clinic, 516-463-5656
- Psychological Evaluation, Research, and Counseling Clinic, 516-463-5660
- Student Counseling Services, 516-463-6791/6793

For more information about Clinic services, call 516-463-6535.

Technology Resources

Hofstra currently has two open-access labs, Calkins Lab and Hammer Lab, where Macs and PCs are available. These labs provide access to more than 70 software applications, laser printers and scanners. Technical help and hardware repair services are available in the Computer Repair Center, located within Hammer lab; for detailed information visit hofstra.edu/scs. The Hammer Lab is located across from the main entrance to the Joan and Donald E. Axinn Library. Software tutoring and collaborative workspace is available in Calkins Learning Lab, located in Calkins Hall 106; visit hofstra.edu/learningsupport for details and hours. Students can drop by or make an appointment to learn a specialized piece of software. In addition, more than 22 specialized computer labs are available in various academic departments.

Wireless access is available throughout campus, in residential and academic buildings. “HU PREFERRED” is the recommended network for students and other members of the Hofstra community; it is secured and requires you to login with your University credentials, just as the portal at My.Hofstra.edu does. Hofstra’s PridePrint service provides convenient printing access around campus. Currently there are 42 PridePrint release stations in 23 buildings on campus; find out how you can use this service at hofstra.edu/prideprint. Student Computing Services can help you troubleshoot if you have difficulty connecting to any of our resources.

The My.Hofstra.edu portal provides access to Hofstra email, saved files, the Hofstra Online Information System, Blackboard, and a wealth of other information. Hofstra’s email accounts for students stay with them when they graduate. Other IT services are also provided for alumni – see hofstra.edu/scs for details.

For further information please visit Student Computing at hofstra.edu/SCS or call 516-463-7777. For help with learning software, for class or career purposes, please visit Learning Support at hofstra.edu/learningsupport or call 516-463-2500.

Summer Session Hours for Open Access Labs and Repair Center*

- Hammer Lab: Open 24 hours a day except for major holidays**
- Calkins Lab: Closed
- Computer Repair Center:
  - Monday-Thursday, 9 a.m.-6:30 p.m.; Friday, 9 a.m.-5 p.m.

*Hours subject to change; please refer to hofstra.edu/SCS for up-to-date hours.

**Hammer Lab will be closed the following holidays: New Year’s Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day.
Student Counseling Services

Hofstra University Student Counseling Services provides personal, psychological, and educational counseling to students in an effort to facilitate meaningful personal growth and the fullest educational development of each individual. Individual and group counseling is available to students who are having difficulty with emotions, behavior, academic, or adjustment goals. The collaborative counseling process is used to clarify problems, and develop active solutions within a short-term treatment approach. Services are provided by a professional staff in a relaxed and confidential environment. Counseling is available to all students free of charge for a limited number of sessions. General information may be obtained by calling 516-463-6791 or by visiting the Saltzman Community Services Center located on the South Campus.

During the summer, the office of Student Counseling Services is available to students, Monday to Thursday, 9 a.m. to 5 p.m.; Friday 9 a.m. to 4 p.m. Emergency screening and counseling during hours that Student Counseling Services is not open can be initiated by contacting Public Safety at 516-463-6606.

The Career Center

Students should come visit The Career Center (hofstra.edu/career) at their earliest opportunity, and make the most of their career planning during their time at Hofstra! Our welcoming and knowledgeable staff provides assistance with career goals, career exploration, skills assessments and decision making. It is our goal to support students during their transition to internships, summer jobs, graduate school planning and/ or full-time employment. Through our website, on-campus interview programs, job fairs, and job and internship posting services, we coordinate more than 400 employer visits to campus each year and post thousands of job and internship opportunities. The Career Center offers a variety of programs and special events covering a wide range of industries and topics, including major and career exploration, resume writing, job search skills, interview preparation, and professional etiquette.

The Career Center can help students:

• Choose the right major.
• Select or refine career objectives and establish goals.
• Develop resumes, cover letters and thank-you letters.
• Find and apply for internships and part-and full-time employment.
• Practice interviewing skills.

Career Counseling Appointments: Career counseling appointments can be made by contacting The Career Center at 516-463-6060 or by visiting The Career Center. Hours are available Monday through Friday 9 a.m. to 5 p.m., plus extended hours during the fall and spring semesters. Daily drop-in/quick question hours are also available.

Career Counseling Services: Self-assessments are one of the first steps in career planning and are meant to assess your interests, skills, accomplishments, and work values. The Career Center at Hofstra University, administers several assessments by appointment in our office. The Career Center encourages all students to contact The Career Center to make an appointment for an appropriate assessment, whether you are deciding on a major, deciding what to do after college, or undergoing a career change. Call us at 516-463-6060.

Job and Internship Services: Thousands of job and internship notices from regional, national, and international employers are made available via the online Pride Career Management System, accessed through the Hofstra Portal. These specific announcements of current opportunities are supplemented by extensive internet resources listed on The Career Center home page (hofstra.edu/career), ultimately making tens of thousands of current opportunities available on a daily basis.

On-Campus Recruitment: Each year The Career Center hosts hundreds of employer visits for the purpose of interviewing students for internships or full-time jobs, through various on-campus interview programs, education recruitment, networking events or career fairs.

Special Programming, Job Fairs, Webshops: The Career Center offers various workshops, events and job fairs covering a wide range of industries. Programs and events cover topics such as, major and career exploration, resume writing, job search skills, interview preparation, and professional etiquette. Additionally, via The Career Center homepage (hofstra.edu/career) students can register for The Career Center class on Blackboard, located on the Hofstra Portal, allowing them to watch a large variety of career preparation webshops online.

Credentials File Services: Any student or alumnus may open an online credentials file to request, store, and mail letters of recommendation. This service is best utilized by undergraduates and alumni seeking admission to graduate and/or professional schools, candidates seeking teaching positions, and doctoral degree candidates/recipients seeking professional positions. This service is available via The Pride Career Management System.

Office of Student Employment

Students who are interested in working on campus while attending summer classes can take advantage of the large number of part- and full-time jobs that are available throughout the University. Jobs are posted on the University’s website (hofstra.edu/jobs). Students who are graduating and are not enrolled in a Hofstra graduate program for 2012-2013 are ineligible for student employment after graduation. The Office of Student Employment, located in the Human Resources Center, across from the Student Center near the main entrance to North Campus, is available to assist you on a walk-in basis during regular business hours. Sondra and David S. Mack Student Center

In the summer, as well as during the rest of the year, the hub of student activities is the Sondra and David S. Mack Student Center. Located on the North Campus, the Mack Student Center is the main communication center for all students. To find out what’s happening on campus, stop by the Office of Student Leadership and Activities, located in Room 260.

Students are welcome to stop by the Dean of Students Office located on the second floor with any questions or concerns. The Student Center is a great place to meet people and become involved in campus life. Here are a few of the services available within the Student Center:
selected resources

**Bookstore**: Located in the Student Center Atrium, the Bookstore carries a complete line of academic supplies and books, as well as clothing, toiletries, greeting cards, magazines and candy. The Bookstore is open daily during all summer sessions, Monday through Thursday, 9 a.m. to 6 p.m. and Friday, 9 a.m. to 3 p.m. There are extended hours for the first week of each summer session.

**Hair Salon**: Hofstra’s HX Salon, located on the second floor of the Mack Student Center, is a reasonably priced, unisex salon. Manicures are also available at HX Salon. The phone number is 516-463-7647.

**Post Office**: Located on the lower level of the Mack Student Center is the Hofstra University Post Office where students can purchase stamps or send packages. The summer hours are Monday-Friday, 10 a.m. to 2 p.m.

Also located within the Student Center are the Office for Student Leadership and Activities, student organization offices, the Chaplains, Residential Programs, the Office of Multicultural & International Student Programs, Off-Campus Living and Commuting Student Services, and Event Management.

**David S. Mack Fitness Center**

The Hofstra Fitness Center is open throughout the year, Monday through Thursday, 6 a.m. to 10:50 p.m., Friday, 6 a.m. to 8:50 p.m., and Saturday and Sunday, 10 a.m. to 7:50 p.m. The Fitness Center offers state-of-the-art cardio and weight equipment, a spin studio, aerobics studio, yoga studio, six basketball hoops, an indoor track, lounge, and computer area. We also offer group exercise classes, including Cycle, Yoga, Pilates, Zumba, and Boot Camp. Everyone must present a valid HofstraCard to use the facility. For more information, call 516-463-4037 or visit our website at hofstra.edu/Recreation.

**David S. Mack Public Safety and Information Center**

The David S. Mack Public Safety and Information Center is located at the intersection of Hempstead Turnpike and California Avenue. It is the headquarters for the Department of Public Safety which works 24 hours a day, seven days a week, to ensure the well being of the Hofstra community. Several of the services provided by the Department of Public Safety are listed below. For assistance or information, call 516-463-6606. **In an emergency, call 516-463-6789.**

**Transportation**: The Hofstra University shuttle bus provides transportation throughout the campus to members of the Hofstra community. There are also scheduled stops at the Hemstead and Mineola Long Island Rail Road stations as well as at local shopping and entertainment centers, including Stop and Shop supermarket, Roosevelt Field mall, Westbury Gallery, Target, Roosevelt Raceway movie theater and Fairway market. For schedules and information, visit hofstra.edu/shuttle. Campus shuttle schedules are subject to change when there are changes in the train schedule or for any unforeseeable circumstances.

**Lost and Found**: Located in the Hofstra Information Center and open 24 hours a day. Items can be claimed by producing proper identification.

**Student Escort**: Available from dusk to dawn to walk any member of the Hofstra community to his or her car or residence hall.

**Emergency Telephones**: There are 48 emergency telephones located throughout the campus.

**Campus Alert Notification Network (CANN)**: A comprehensive notification structure to alert the campus community in the event of an emergency. Sign up online at My.Hofstra.edu by providing your personal telephone contact information. CANN includes the following methods of communication:

- Public address system
- Voice or text message
- Campus alert page of the Hofstra website (hofstra.edu/alert)
- Email sent to your Hofstra email account.
- HOFCAST network
- The Hofstra television service and Hofstra radio system (WRHU-88.7FM)
- Campus alert hotline: 516-463-1234

**Dining Facilities**

Hofstra University has the following dining facilities open during the summer. They are:

- **Café Bistro at Bits ‘n’ Bytes**: Located on the south campus offers a wide range of food concepts, such as a made-to-order grill station, a chopped salad area, house-made pizza, and a wonderful assortment of grab-and-go salads, sandwiches, wraps and fresh fruit. Red Mango, located within the Bistro, offers probiotic frozen yogurt and smoothies.

- **Student Center Café**: Centrally located; offers fresh seafood; omelets; crêpes; vegan, vegetarian and organic cuisine; authentic Chinese food; wraps and sandwiches made to order; and Charcoals Grill with southwestern steak sandwiches, grilled hamburgers and chicken and many other seasonal specialties. It also includes a large salad bar with a wonderful variety of local fruits and vegetables and house-made dressings. In addition the Café offers a vast grab-and-go selection of salads and sandwiches.

- **Au Bon Pain**: Located at the former Hofstra Deli site, featuring all of the Au Bon Pain signature sandwiches and salads, delicious soups, coffee and freshly brewed teas, fresh danish and bakery specialties, a large assortment of grab-and-go items and seasonal features.

- **University Club**: Open daily for lunch. Features a seasonal menu with fresh made-to-order entrées of fresh seafood, sandwiches, salads, grilled selections and daily specials. A full-service white tablecloth dining experience.

**Health and Wellness Center**

Located on the North Campus on the first floor of Republic Hall, the Health and Wellness Center is open from 9 a.m. to 4:45 p.m. Monday through Thursday, and 9 a.m. to 3:45 p.m. on Friday. The Health and Wellness Center is staffed by physicians, nurses and nurse practitioners. Appointments can be made by calling 516-463-6745. A current HofstraCard must be presented at the time of medical care. All medical care is confidential. Prescriptions, consultation fees, laboratory fees and X-ray charges are the responsibility of the patient.

New York State law requires all college and university students born on or after January 1, 1957, who register for six or more credits, to show proof of immunity against measles, mumps and rubella. This includes the measles vaccine (two doses) and one dose each of the rubella and mumps vaccines. Vaccines must have been received on or after a student’s first
In addition, all students are required by New York state law to complete the Meningococcal Meningitis Information Response.

Proof of immunity must be submitted to the Health and Wellness Center either prior to or at the time of registration. Registration is considered finalized only when all documentation is submitted and approved.

Students may send the form directly to: Health and Wellness Center, 275 Hofstra University, Hempstead, NY 11549-2750. Copies of official health records from a former school or physician-documented history of measles or mumps are also acceptable. Serologic evidence of immunity must be accompanied by a copy of the laboratory report.

Students whose religious beliefs prohibit immunization or who qualify for a medical exemption must provide documentation from an appropriate authority. Questions concerning the immunization requirements should be directed to the Health and Wellness Center at 516-463-6745. Medical records may be faxed to 516-463-5161 and the original mailed to the Health and Wellness Center at the address above.

HofstraCard

All students are required to have a HofstraCard. This card is necessary in order to withdraw books from the libraries, gain access to the Fitness Center, Swim Center, residence halls, Computer Center and other facilities of the University. The card also serves as a dining card for those individuals who are dining plan holders.

Dining points can be used only in the dining facilities on campus. You may also add Dutch Debits to your card which can be used at the bookstore, copiers, drink and snack vending machines, laundry rooms, computer repair center and special events except in the dining facilities. New cards are issued at the Office of HofstraCard Services, 104 Student Center, Monday through Thursday from 9 a.m. to 5 p.m., and 9 a.m. to 4 p.m. on Friday, at which time a picture is taken. A valid picture ID (drivers license or U.S. passport) required for proof of date of birth. Cards become inactive upon completion of affiliation with the University. There is a replacement fee of $10 for the first lost, stolen, or damaged card if the damage is not a result of normal wear and tear. For the second lost or stolen card, the fee is $25. For additional replacement cards, the fee is $50. For further information, call 516-463-6942 or visit us online at hofstra.edu/hofstracard.

Parking

If you are visiting the Hofstra Admission Center, you may obtain a temporary permit from the center. In all other instances, permits are issued by the Department of Public Safety at the David S. Mack Public Safety and Information Center, Monday through Thursday, 9:30 a.m. to 4:30 p.m., and Friday, 9:30 a.m. to 3:30 p.m. during the summer. During the fall and spring semesters, parking permits are issued Monday through Friday, 9:30 a.m. to 4:30 p.m. You must have your HofstraCard and the car must be parked in the Public Safety lot in order to obtain your permit. There is no fee for this service.

The Hofstra College of Liberal Arts and Sciences is made up of the Division of the Humanities; the Division of the Natural Sciences and Mathematics; and the Division of the Social Sciences. Courses in the liberal arts stress the power of intellectual questioning and discovery, as well as the development of the creative imagination and of clarity of thought and expression.

Programs in the College of Liberal Arts and Sciences are accredited by the American Chemical Society, the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology, the American Psychological Association, and the American Speech-Language-Hearing Association.

Hofstra University’s Zarb School of Business is accredited by AACSB International – The Association to Advance Collegiate Schools of Business. In addition, the Department of Accounting, Taxation, and Legal Studies in Business has a special accreditation from AACSB International. The Zarb School offers a broad, well-rounded program of study guided by an experienced faculty committed to excellence. Today, numerous Zarb School of Business graduates are leaders of some of the largest corporations in the United States.

The School offers a full range of courses during the summer to enable full-time, part-time, and visiting students to continue their studies year-round. Courses are offered in accounting, finance, general business, information technology, international business, legal studies in business, management, marketing, and quantitative methods. See course listings for complete course requirements and prerequisites, which must be met by all students.
School of Education
Office: Second Floor, Hagedorn Hall
Telephone: 516-463-5740

Hofstra University’s School of Education prepares teachers, administrators, and professionals in the fields of exercise science and athletic training at the undergraduate, master’s, C.A.S. and doctoral levels. Our curriculum reflects contemporary issues in school and society, with multicultural and global perspectives, and provides a sound base for educational theory and practice.

The Teacher Education Program and the Certificate of Advanced Studies in Educational Leadership Program are fully accredited by the Teacher Education Accreditation Council (TEAC). The Athletic Training Program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE).

School of Communication
Office: 318 Dempster Hall
Telephone: 516-463-5215

The School of Communication at Hofstra University offers a wide range of courses to meet the challenges of today’s changing world of communication. Students have the opportunity to study with a nationally recognized faculty, and work in one of the largest state-of-the-art, noncommercial broadcast facilities on the east coast. The School is composed of three departments: Radio, Television, Film; Journalism, Media Studies, and Public Relations; and Speech Communication, Rhetoric, and Performance Studies. Each department provides opportunities for personal self-expression, scholarly inquiry, and technical mastery. Within each department students will find a curriculum that explores the theoretical and practical nature of communication. The School offers the bachelor of arts and bachelor of science degrees as well as a master of arts degree in speech communication and rhetorical studies; a master of arts degree in journalism; and a master of fine arts degree in documentary studies and production.

School of Engineering and Applied Science

The newly established School of Engineering and Applied Sciences holds accreditations from the Engineering Accreditation Commission of ABET (the Accreditation Board for Engineering and Technology), and offers bachelor’s degrees in computer science, electrical engineering, engineering science (with Biomedical, and Civil Engineering options available), and mechanical engineering. The Department of Computer Science offers bachelor’s degrees in computer science, computer engineering and a dual major with the mathematics department. A graduate M.S. degree, both online and on campus, is also available within the Computer Science Department. The school teaches and encourages leadership, creativity, innovation and entrepreneurship.

All new students will be eligible for a “co-op” experience, where classroom learning is blended with a real-life occupational experience with our partners, lasting for a summer and the proceeding or following semester. Not only does this educational methodology ease the transition from University to work, but the co-op experience also frequently results in an offer of full-time employment upon graduation. Our faculty are dedicated, committed teachers with strong advisory skills. Both classroom and laboratory courses are deliberately limited in size, creating a pervasive, intimate atmosphere and easy rapport between student peers and our highly qualified faculty. Up to date laboratories support theoretical teaching, and our distinguished faculty constantly update courses as new technological developments ensue. The School’s research involvement is high, and many instructors hold grant awards supporting their investigations.

School of Health Sciences and Human Services
Office: 901A Axinn Library
Telephone: 516-463-7323

Bringing together the fields of rehabilitation, counseling and therapy, physician assistant studies, speech-language pathology, audiology, public health and health management, the Hofstra University School of Health Sciences and Human Services offers a variety of undergraduate and graduate programs designed to educate the next generation of practitioners, advocates, managers and health care policymakers. Through partnerships with arts and sciences, medicine, education, business, communication and law, the School of Health Sciences and Human Services provides an interdisciplinary environment where students learn to provide therapeutic and developmental services; prevent, diagnose and treat illness and disabilities; and design, implement, administer and evaluate health promotion programs, policies and systems. The school offers several undergraduate programs that provide students with excellent preparation for work in health care settings and a foundation for graduate study in education and health-related professions. Programs include study in the liberal arts and sciences to develop analytic skills, encourage critical thinking, and foster personal development and engagement in the world.

The mission of the Hofstra University School of Health Sciences and Human Services is to educate students in the theory and practices of their specialized area of study, with a strong foundation in the natural, social and behavioral sciences. Through competency based instruction, field experience and research training, students are educated to become effective and compassionate clinicians, evidence-based practitioners, policy makers, managers and advocates who promote health equity. Students learn to provide therapeutic and developmental services, prevent, diagnose and treat illness and disabilities, and design, implement, administer and evaluate health promotion programs, policies and systems. Students receive clinical education in approaches that maximize occupational, communicative, biological, psychological, social and interpersonal development across the lifespan. Students are prepared to work in settings that include the home, the school, the clinic, the hospital and other health care facilities, the work place, the government and community agencies. The School of Health Sciences and Human Services serves as a community resource by offering continuing education opportunities, promoting collaborative clinical and research initiatives, advocating for underserved populations, and providing services that model best practices.

Campus Life

- 37 residence halls housing about 3,800 students, 18 eateries, six theaters, and about 200 student clubs of which there are about 20 local/national fraternities and sororities.
- Hofstra has a vibrant campus with hundreds of social, academic and cultural events per year.
- The Hofstra University Museum is accredited by the American Alliance of Museums. The Museum coordinates 6-8 exhibitions annually, and also offers an extensive collection of outdoor sculpture, with approximately 70 works of art.
- The Hofstra libraries contain over 1 million volumes and provide 24/7 online access to more than 55,000 full-text journals and 70,000 electronic books.
- 17 varsity sports: 8 for men (baseball, basketball, cross-country, golf, lacrosse, soccer, tennis and wrestling) and 9 for women (basketball, cross-country, field hockey, golf, lacrosse, soccer, softball, tennis and volleyball). All sports compete at the NCAA Division I level in the Colonial Athletic Association.

The Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student’s education records within 45 days of the day the University receives a request for access. Students should submit the request in writing to the registrar, dean, head of the academic department or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. A student who wishes to ask the University to amend a record should write the University official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the University discloses personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. The University discloses educational records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility for the University.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Hofstra University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

   Family Policy Compliance Office
   U.S. Dept. of Education
   400 Maryland Avenue, SW
   Washington, D.C. 20202-5920

Availability of Records

The Family Educational Rights and Privacy Act (FERPA) requires that Hofstra University, with certain exceptions, obtain the student’s written consent prior to the disclosure of personally identifiable information from the student’s education records, including grades, courses, GPA, Social Security number and other personal information. However, Hofstra University may release appropriately designated “directory information” without the student’s written consent, unless the student has advised the University to the contrary in accordance with University procedures. Hofstra University has designated the following information as directory information: the student’s name, address, telephone number, electronic mail address, photograph, date and place of birth, major field of study, dates of attendance, grade level, enrollment status (e.g., undergraduate or graduate; full-time or part-time), participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received, and the most recent educational agency or institution previously attended. If students do not want Hofstra University to disclose directory information from their education records without their prior written consent, they must file a form to request nondisclosure of directory information to all third parties. This form can be obtained at the Student Financial Services and Registrar Suite located in 206 Memorial Hall, South Campus.

The Solomon Amendment

In accordance with the Solomon Amendment, the University will make accessible to the secretary of defense student recruitment information, including each student’s name, address, telephone listing, age (or year of birth), place of birth, level of education (e.g., freshman, sophomore, or degree awarded for a recent graduate), most recent educational institution attended, and current major(s). Where a student has requested that the University withhold directory information from all third parties under FERPA by filing the form described above, then no information about that student will be released under the Solomon Amendment.
